# CAREER SERVICES

**Director - Joann Gillespie**

**Legal Placement Assistant -  
Cheryl Mays**

**Telephone 615/974-4348**

Career Services is designed to assist students in recognizing and meeting their career goals. While students and alumni maintain active responsibility for their individual job searches, Career Services offers assistance by providing job listings, individual counseling, career-specialty seminars and workshops on resume-writing and interviewing techniques. Career Services also provides an updated resource library, employment newsletters, on-campus interviewing opportunities and consortium participation.

In its role as liaison between students and employers, the Office of Career Services seeks to provide a diversity of resources to aid employers in successfully meeting their recruiting needs. Temporary, summer and year-round clerks, as well as recent graduates and experienced attorneys, can be located through the services described below. Participating employers are requested to provide information about their organization and hiring practices for the Career Services resource files.

## **On-Campus Interviewing**

Reservations for Fall or Spring On-Campus Interview dates which are accepted throughout the year can be made by phone or letter and will be confirmed in writing. Individual interview rooms and near-by parking are available at no cost. One to two weeks prior to the date selected, resumes of interested students are forwarded C.O.D. express for pre-screening unless the employer requests otherwise. After the employer informs Career Services by phone which students have been selected for interviews, the on-campus schedule is arranged. A parking permit and the completed schedule are issued to the interviewer upon arrival at Career Services.

## **Employers Unable to Visit Campus**

Employers unable to interview on campus can have a notice listing their vacant position placed on the Career Services job board for review by students and/or alumni(ae). Listings include full-time, part-time, summer and temporary positions. Notices remain posted until the employer notifies Career Services that the position has been filled.

**Resumes Forwarded Service** - Upon request, Career Services collects and forwards all resumes submitted in response to a job notice. Resumes (and any other requested material) are collectively forwarded on a specified date or at weekly intervals. Employers can respond

to individual students directly or through Career Services.

**Direct Contact Service** If the employer prefers, applicants are instructed to respond to the position notice by submitting their resumes (and any other requested material) directly to the employer.

## **Experienced Attorney/Alumni Placement**

Employers who wish to hire an experienced attorney can have a notice posted on the job board and published at no charge in the Alumni Employment Opportunities newsletter which is distributed monthly to subscribing recent and experienced graduates. Employers receive the edition in which their vacant listing is published. Alumni(ae) actively seeking employment through registration with Career Services are notified individually regarding vacancies in their areas of geographic interest and practice specialty.

## **Southeastern Law Placement Consortium**

The University of Tennessee College of Law, in conjunction with nine other southeastern law schools, sponsors an annual legal recruiting conference in Atlanta attended by nearly 150 employers from around the nation. Details regarding the Eleventh Annual Conference (October 9-11, 1986) are available upon request.

### **Special Service: Temporary Clerks**

To provide attorneys a reliable source of temporary clerking assistance, a team of students available for short term assignments has been organized. The Student Temporary Assignment Team (STAT) roster features first, second and third-year students, and some alumni, with varied academic and employment experience.

STAT Members are referred to employers by Career Services on the basis of availability, familiarity with the subject matter and, in the case of writing assignments, prior experience. Employers sometimes request the same person for additional work.

Recent STAT assignments have included title searches, photocopying, various types of research, the organization of form files, updating firm libraries and all phases of legal writing from research summaries to briefs and opinions. While assignments may last several weeks, employers needing projects completed within a few days, or even a few hours, can usually be accommodated. Most projects can be assigned the same day the request is made.

Attorney employers using STAT are located primarily in Tennessee, but assignments during recent months have been completed for employers as far away as Georgia and Texas. STAT services can be obtained by telephoning the Office of Career Services.

### **Mid-South Law Recruiting Conference**

Preliminary plans for a 1987 spring recruiting program are underway by the placement officers of the University of Tennessee College of Law, the Cecil C. Humphreys School of Law at Memphis State University, and the Cumberland School of Law at Samford University in Birmingham.

Tentatively scheduled for Saturday, April 4, in Nashville, the program is designed to assist those employers unable to determine their hiring needs earlier in the year. Students seeking summer clerkships or permanent employment will be eligible to attend. A descriptive brochure, to-be-mailed to potential participants when complete, also will be available from the Career Services Office.
