The University Community

Law students from the University of Tennessee, Knoxville benefit from being a part of Tennessee's most comprehensive university. UT Knoxville provides social and cultural opportunities for approximately 25,000 students - 19,000 undergraduate and 6,000 graduate and professional students.

UT Knoxville's new \$27 million main library is one of the most advanced in the nation and complements the holdings of the law library. Together, the law and main libraries provide excellent support for research and educational enrichment.

The Knoxville area, with a population of more than 500,000, supports fine restaurants and nationally known cultural and entertainment events. Yet the recreational activities and scenic beauty of the Great Smoky Mountains National Park and six Tennessee Valley Authority lakes are within an hour's drive. Knoxville consistently ranks among the nation's top ten metropolitan areas in surveys of quality of life.

CAREER SERVICES*

Employers are invited to initiate any service by phone or letter.

ON-CAMPUS INTERVIEWING

Fall Semester 1990—September 14 through November 20

Spring Semester 1990—January 28 through April 26

Reservations may be made year-round by phone or mail. Dates, which are assigned on a first-come, first-served basis, are confirmed in writing. Reservations for preferred fall on-campus dates should be made by early spring. Resumes are forwarded to employers a week to 10 days prior to the on-campus date for prescreening.

RECRUITING FROM EMPLOYER LOCATION

For employers unable to visit campus, Career Services personnel will collect and forward resumes by a certain date. Or if the employer prefers, applicants will be instructed to submit resumes and other requested items directly. Employers may wish to contact students directly, or have the Career Services staff convey messages, regarding arrangements for interviews at their location.

LATERAL HIRING

"Job Briefs," the alumni employment opportunities newsletter, reaches recent

graduates and experienced alumni interested in making a lateral move. Positions may be listed free of charge by phone or letter and should include a brief description of the position and the preferred application procedure. Listings may be "blind" or open and will be published in two newsletter editions unless the employer instructs otherwise. Listings received by the last day of the month will be included in the edition mailed the next week.

STUDENT TEMPORARY ASSIGNMENT TEAM (STAT)

Career Services maintains a roster of students interested in receiving temporary clerking assignments. Referral of a student to the requesting legal employer, made on the basis of availability and familiarity with the subject, usually is made within 24 hours of a telephone request.

The Career Services staff does not screen or recommend certain students for interviews. All listings are posted for review by the entire student body and all resumes submitted by interested students will be forwarded to the employer who selects the interviewees for his/her schedule.

The University of Tennessee College of Law is committed to a policy of equal employment opportunity for all individuals entitled to use the placement services which it provides. Therefore Career Services programs are not open to any employer who discriminates against any person because of race, color, religion, sex, age, national origin, handicap or veteran status.

Career Services subscribes to the National Association for Law Placement Principles and Standards for Law Placement and Recruitment Activities. Copies are available upon request.

Grading System

All academic work in the College is graded on a 4.0 scale by a faculty very demanding in its evaluation of student work. Students may request and receive their class rank from the Student Records Office several weeks after each semester ends, but this information is not available to the Career Services staff unless the student has a signed release on file. Employers who request this information are encouraged to request class rank figures or a transcript directly from individual candidates.

Grades and class rankings should not be overemphasized. As little as a tenth of a point difference in grade point averages, which are calculated in hundredths, could cause a large percentile difference in class rank not comparable to a difference in performance or ability.

Minimum grade required to attain (based on graduating class of 1989)

Top 10%—3.22

Top 25%—2.94

Top 33%—2.87

Top 50%—2.67

A grade of 0.9 or below is a failure. To remain in good standing, a student must maintain at least a 2.0 average. The Dean's List requires a 3.0 GPA or better.
