## COST

The cost of the construction of the new law school building and the renovation of the old building was approximately \$22.5 million (building and furnishings).

## SIZE

Entire building:	161,000 square feet (gross)
Total usable academic and support space:	110,000 square feet
New Building:	80,000 square feet
Library:	57,000 square feet
Old Building:	30,000 square feet

## TIME TO CONSTRUCT

Total, including planning, funding and building:	12 years (1985-97)
Actual construction:	3 years (1994-97)

## ARCHITECTS

Primary designer: Doug McCarty of McCarty, Holsaple, & McCarty in Knoxville.  
Construction Supervision: Glenn Lindsay of Lindsay and Maples in Knoxville.

## GRANITE AND MARBLE

The beige marble used in the floors and wainscoting is from Friendsville, Tennessee, just outside Knoxville. The black granite used in the floors and on benches came from Minnesota and the maroon granite in the floor trim was shipped to Knoxville from Italy.

## “EQUAL JUSTICE UNDER LAW”

Appears over the door of the Cumberland Avenue main entrance. Is taken verbatim from the west front of the U.S. Supreme Court building in Washington, D.C. Proposed in 1932 by Supreme Court building architects Cass Gilbert, Jr. and John R. Rockart and approved by Chief Justice Charles Evans Hughes on May 21, 1932.

The use of this phrase, as well as that of “To Have the Assistance of Counsel” which appears over the White Avenue entrance to the building and the Scales of Justice which appear at the top of the outside of the main rotunda, came out of discussions within the law college building committee over the years. All represent primary values in the American legal system.

## SCALES OF JUSTICE

Appear at the top of the main rotunda outside the Cumberland Avenue entrance.

Actual origin of this symbol is unclear. It may stem from the Greek Goddess of Law and Justice named Themis who was portrayed as a woman dressed in a flowing robe. Later versions

had her blindfolded (to indicate impartiality) with a sword in her right hand (symbolizing power, ready to be used in the name of justice) and balanced scales in her left hand (representing the act of judging impartially or the fact that the law itself should be fair to all). She has variously been described as the daughter or wife of Zeus.

The image of scales—constituting a weighing—are included in many historical sources, including the Old Testament, as a symbol of what happens at Judgment Day.

Some sources see the scales metaphor as visually depicting our choices between good and evil, virtue and vice, right and wrong.

Scales of justice appear throughout the world. Examples include on the seals of many English kings and queens, the state seal of New York, and the seal of the District of Columbia.

## “TO HAVE THE ASSISTANCE OF COUNSEL”

Appears over the door of the White Avenue entrance. Comes from the 6th Amendment (Bill of Rights) to the U.S. Constitution: “In all criminal prosecutions, the accused shall enjoy the right... to have the assistance of counsel for his defense.”

## FACULTY

Full-time 30; 36 adjunct faculty of prominent attorneys

**FACULTY / STUDENT RATIO:** 15 TO 1

## THE CLINICAL PROGRAMS

Introduction to Civil and Criminal Trial Advocacy; Mediation Clinic

## OPTIONAL CONCENTRATIONS OF STUDY

Second- and third-year students may choose elective courses in one or two areas of emphasis, Advocacy and Dispute Resolution or Business Transactions, or they can follow the traditional course of choosing from the array of elective courses available to build an academic program consistent with their personal and professional needs and interests.

### Business Transactions Concentration

The curriculum allows students to concentrate their studies on the legal aspects of the conduct of public, private and non-profit enterprises, emphasizing the needs of business concerns both large and small in scope. Three core courses (Introduction to Business Transactions, Contract Drafting Seminar, and Representing Enterprises) complement the additional requirements of Business Associations, Taxation of Entities, Land Finance Law and Commercial Law.

### Concentration in Advocacy and Dispute Resolution

Building on the College's long standing clinical programs, its strong basic curriculum in trial and appellate advocacy, and its successful moot court programs, this concentration emphasizes "litigation" or trial skills, and also the skills required for effective negotiation, mediation, and other techniques for resolving disputes

without trials. Central to the development of this curriculum is extensive use of advanced teaching technology available in the new College of Law building, ranging from conventional and interactive video to computer-assisted instruction.

## ORDER OF THE COIF

National honor society, membership by faculty election from students in the first tenth of their class at graduation.

## TENNESSEE LAW REVIEW

Membership by writing competition.

## MOOT COURT PROGRAM

Eligibility to compete on an interscholastic moot court team requires that a student complete the Advanced Appellate Advocacy course in the fall of either the second or third year and participate in the Advocates' Prize, an intramural appellate competition, in the spring of the second year. These requirements do not apply to the National Moot Court Team or the National Trial Team for which all second- and third-year students are encouraged to try out.

## GRADE POINT AVERAGES AND CLASS RANKS

Students receive grades approximately two weeks after final exams are completed. Class ranks are not available until approximately one month after the fall and spring semesters end; ranks are not calculated after summer school. Fall rankings usually are available the first of February and spring rankings the first of June. Information regarding grade point average and class rank is available from Career Services only if the student has a signed release on file. Employers who seek this information are encouraged to request class rank figures or a transcript directly from individual candidates.

### Minimum grade required to attain averages after Spring semester 1997

Class	1999	1998
Top 10%	3.49	3.37
Top 25%	3.11	3.2179
Top 33%	3.02	3.1215
Top 50%	2.85	2.93

A grade of 0.7 or below is a failure. To remain in good standing, a student must have maintained at least a 2.0 average. The Dean's List requires a class rank of the top one third or better.

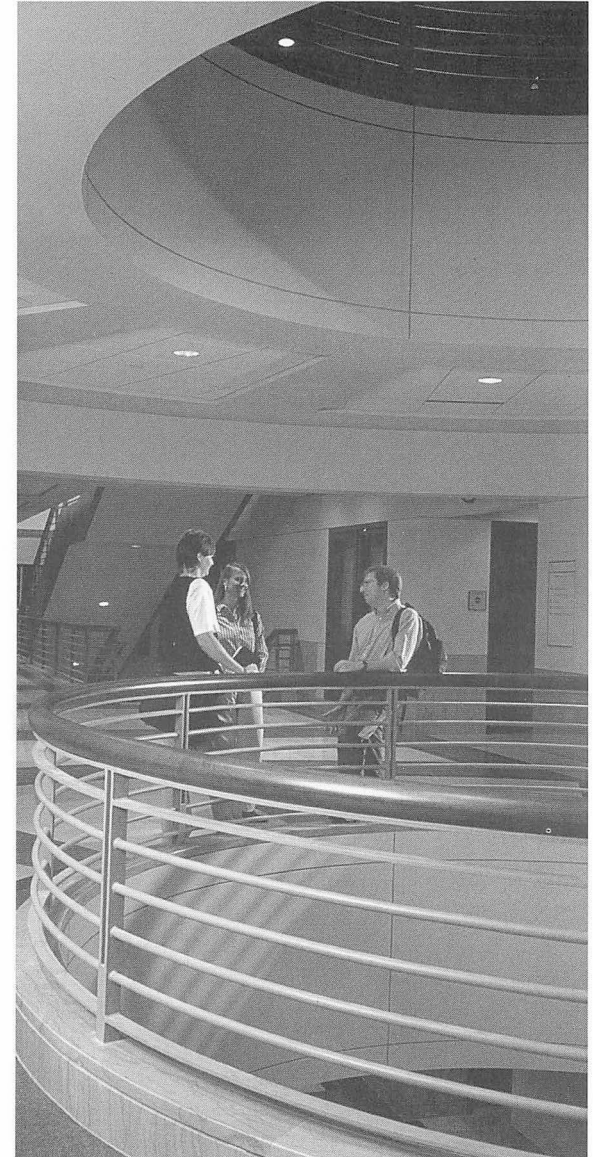

## GRADING SYSTEM

All academic work in the College through spring semester 1996 was graded on a 0.0 through 4.0 scale. Beginning fall 1996, the 0.0 - 4.0 grading scale was replaced by the following set of letter grades, numerical equivalents, and qualitative descriptions.

Excellent	4.3	A+
	4.0	A
	3.7	A-
Good	3.3	B+
	3.0	B
	2.7	B-
Satisfactory	2.3	C+
	2.0	C
	1.7	C-
Poor	1.3	D+
	1.0	D
	0.7	D-
	0.0	F

A plus (+) signifies that the student's performance is distinguishably better than that required for the core grade, but not sufficiently better to merit a grade in the next higher grade range.

A minus (-) signifies that the student's performance is distinguishably below that required for the core grade, but not sufficiently below to merit a grade in the next lower range.

## DIRECTIONS TO THE COLLEGE OF LAW FROM INTERSTATE 40, EAST OR WEST

Come into Knoxville via I-40. Take exit 386-B, Alcoa Highway. Follow the elevated interstate ramp, taking the Kingston Pike exit on the right. At the bottom of the ramp, turn left at the signal light onto Cumberland Avenue. Proceed approximately six blocks. After the pedestrian bridge just past 17th Street, the College of Law will be in the next block on the left at 1505 West Cumberland Avenue.

## PARKING FOR ON-CAMPUS INTERVIEWING OR VISITS

Recommended parking is in the garage behind the University Center (UC) which is located on Cumberland directly across the street from the College of Law. To find the garage, proceed on Cumberland Avenue past the UC, turning right at the signal light onto Stadium Drive. The garage is just behind the UC on the right.

## CLASSROOMS

The new building contains 11 classrooms of various sizes, ranging from a large tiered lecture room seating 120 students to a flat classroom/seminar room seating 18.

Four of the classrooms also double as courtrooms, ranging in size from an appellate courtroom with seating for the Tennessee Supreme Court (five judges) and an audience of 84 to a trial simulation room seating 26.

Six of the classrooms are tiered for easy visibility with a six-inch rise. These rooms have fixed tables and movable seats. The other five classrooms have movable tables and chairs.

Each seat in each classroom is wired for power and computer hookup, allowing internet access.

Each classroom is wired for videotaping and video playback and is connected to a central video control room located on the second floor of the new building. When fully implemented, the system will allow for TV, satellite, or internal video signal playback.

## LIBRARY

The Law Library occupies five floors of the new building and has a book capacity of at least 475,000. This includes 400,000 volumes in open stacks and 75,000 in electronic compact shelving on the ground floor. Additional compact shelving is possible on the ground floor, if needed.

The Library includes two large reading rooms, each seating approximately 60 people.

A faculty research center with eight work stations and shelving for books is located on the third floor.

Two computer labs are available, one for walk-in use and the other for training. Sixty-five computers are available to students.

Twenty-seven study rooms seating from two to six persons are available.

Spaced throughout the Library are 161 study carrels, each with approximately 25 square feet of space on two surfaces.

The Library has additional seating for 192 persons, mostly at six-person tables located throughout the facility.

Computer and power outlets are available at each seat in the study rooms and carrels and at the tables.

Small lockers for 480 students are located through the Library adjacent to the study carrels.

The Library's on-line catalog will be accessible on each floor by installed computers and at any port where the UT network is available.

An enclosed reserve room is located adjacent to the circulation desk just inside the main entrance to the Library.

A video viewing room and a microform viewing and storage room are available.

A room with shelving for the Library's rare book collection and seating for 30 persons is located on the top floor and overlooks Cumberland Avenue.

A duplication/copy center is located on the ground floor.

## LEGAL CLINIC

The Legal Clinic is located on the ground floor of the 1950 building and looks and functions like a working law office. The Clinic has its own entrance and parking for clients.

The Clinic has individual offices for faculty members and 10 offices that are shared by 40 Clinic students each semester. All are wired for computer access.

Two interview rooms may be used by students and their clients and each has video-taping equipment that is used for instructional purposes.

A library/conference/deposition room is available.

## OFFICES

Thirty-two faculty offices surround the outside perimeter of the third floor of the 1950 building. Each averages 190 square feet and is furnished with desk, chairs, shelving, and computer network access. Space for support services is located in the center of the floor.

The second floor of the 1950 building includes offices for the dean and associate dean of the College and directors of Career Services, Development and Alumni Affairs, Business, and Public Affairs and their staffs.

The offices of Student Affairs and Records and Admissions are located on the first floor, just off the main rotunda and adjacent to the Commons and student locker areas.
