Put some things from desk and work shelves in new file case, and rearranged contents of desk drawers. Checked list of "Dups. for exchange" sent by Indiana Univ School of Law who had asked for our list of Tenn. Bar Ass'n. dups recently. As some vols of Tenn. Law Rev. were also wanted, gave letter to R. Kennerly who happened in + said he would attend to it. Asked Miss Williams whether any books on May order list had been rec'd. She said last year's arrears on subscriptions were so large that Miss Baker was afraid this year's appropriation could take care of no more than this arrears + the subscriptions for the coming year so nothing had been ordered. Mr. Frazier to visit.

Again expressed appreciation of the Library + Library staff – said the Library in Columbia was the one unsatisfactory element - had books enough but needed a full time librarian to arrange and care for them. E. L. O. said probably he could induce them to get one and in a few years could point with pride to the results. Personally + on behalf of the staff gave him best wishes for ideal conditions in work and social surroundings in his new home.

E. L. Ogden

Mr. Witham came in for a minute. Told him Miss Baker wants his views on opening evenings this week. He said tell her he would prefer to begin right away for the moral effect. He wants the students to get the impression that full work is expected from the start. He said probably they would not work much and nobody might be in to read evenings this week but better keep open anyhow. Phoned Miss Baker and she said she would notify Miss Heiskell. Put Cooks Amer. Institutions on display at chapter on lawyers. Mr. Seymour ret'd statutes - spent about an hour showing him around and answering his questions about law books. Said we might be willing to lend him Hicks Material + methods some time.

Long call from Dean who reported registrations, plans +c. and discussed law school matters for some time. Said the Messrs. Morse were starting Law School of their own and wanted him to endorse an application to a law book form for text books on credit. Their students may use law library. He seems to think situation amusing. Dean thinks our students an unusually studious lot. Dean likes new arrangement of desk. Many telephone messages made interruptions, and old students looking in. C. F. H. called up to ask if she were expected tonight, as she hadn't heard from Miss Baker. Worked a little on Tenn. bar ass'n proc.

Conference: Discussed questions suggested in Record of 1928/29 p.276 (May 1929). Decided to keep track of how often conference [room] is in use when wanted. Seems difficult to formulate a rule for restricting it. Decided to ~~limit~~ allow reserving of books for evening or weekend only once – not on successive evenings. Decided if books were left open on tables while students are out of room a long time to put them back on shelves. Decided to keep truck at end of desk with sign - Return Bar Libr. Books here. Discussed plans for entertaining staff Oct. 5. Worked on pamphlets. Put with waste paper all on state laws, except school laws, sent to Main Libr.

[Note fastened to page:]

8 - 1

H. H. Turner

Saw Mrs. Hamer Saturday afternoon and she said that she was soon going to send students to law library to look up cases in U.S. rept. but she particularly requested staff to refrain from giving them any aid whatever. They are merely to be shown where the reports are located and left to do their own research as that is part of the instruction. She wished H. H. T. to record this for benefit of staff. Miss Baker is sending other members of library staff to visit law library in the near future as she wishes every one to see it. Showed two freshmen (girls) students around library and explained Nat'l reporter system to them.

1 - 5:30

C. F. Heiskell

A large crowd of students using Library this afternoon. I find our Mr. Myers of the past three years has a brother a first year man.

7 - 9:30

C. F. Heiskell

Think students exhausted themselves in Library this afternoon so only a few in this evening along with Messrs. Blackard and Warren.

---

Tuesday Oct. 1, 1929

8 - 12

C. F. Heiskell

More 3<sup>rd</sup> year students using Library at opening hour. Mr. Douglass in Conference room 9 a.m. A large crowd of students in Library later. Truckman came. Mr. Witham said he thought in place of showing and explaining books and their relation and situation in Library arrangement to first year students as he did last year he would speak to Mr. Steinmetz when he came about doing it as it was really the latter province in Law College teaching.

10 - 1

H. H. Turner

During overlapping, worked on slips for Proc. Tenn. bar ass'n.

2 - 5:30

C. F. Heiskell

Worked on Am. Dig - taking out the first 20 p.p. to return to Publishers. Mr. Witham said the Knox Co Bar Ass'n is to have a Speaker or Lecturer here this week and with Miss Baker's concurrence they had asked to have him talk here at Law College Library.

1 - 5:30

E. L. Ogden

H. H. Turner

Quite a large number used library Conference room used 7.15 - 9 by Messrs. Reichling + Huddle. About 25 students during eve.

---

Wednesday Oct. 2, 1929

8 - 12

C. F. Heiskell

A good crowd of 2<sup>nd</sup> year students at opening hour, later room filled with 1<sup>st</sup> year students. Mr. Ely last years graduate used Library this A.M. C. F. H. helped him in looking up some things. Mr. Haythall[?] of the West Pub. Co. is here to lecture before Knox Co. Bar Assn and 2<sup>nd</sup> + 3<sup>rd</sup> year Law Students in Library Reading room at 2 P.M.

9 - 1

H. H. Turner

Same as yesterday. Asked Mr. Witham if he thought staff should come back this afternoon to hear lecture and he said not necessary. Discussed ~~real~~ merits of Corpus Juris, and other systems. Mr. Witham said he had asked Mr. Steinmetz to show freshmen law library and he had agreed to do so next Wednesday, as he was peculiarly qualified for this purpose.

1 - 5:30

E. L. Ogden

Very few lawyers at lecture. Miss Baker here. Counted 8 lawyers (think that was all). Think nearly all 2<sup>d</sup> + 3<sup>d</sup> law students here and some freshmen (1 lawyer + 1 student slept most of the time). The lecturer had selected certain volumes of C.J., A.L.R., R.C.L. Amer. digest + had marked passages to illustrate where they fell short of giving all the law and how the Amer. digest system did bring new cases and "reversed, affirmed, +c" for old cases up to date. Illustrated use of Descriptive word index. Said in A.L.R. and R.C.L. one is apt to miss the case wanted because the index is not clear. In R.C.L. must use index to ~~supplement~~ original volume as well as supplement. Moral of it all was, wherever you find your case cited, ALR, RCL, CJ or what not, be sure to verify by looking it up in digest system at the last. Did odds + ends of pamphlets, made analytics for Tenn. court rules. Phoned Hughes to come for waste paper tomorrow. To Farm tomorrow. Mr. Vesser in conference room 1:15 - 2:00, Ladd + Baughman, 3:50 - 4:15.

A large crowd of students in Library first hour.

9 - 1 H. H. Turner

1 - 5:30 C. F. Heiskell  
A nice studious crowd of students; they certainly have started out using Library well and a most quiet body so far - here's hoping they will keep it up. From L. E. O. [sic] account of West Pub. Co. man that lectured on yesterday C. F. H. does not hold with him all together. It seems as if he was all for his sales. This is the [l\_ie ?] he carries.

7 - 9.30 H. H. Turner  
Took care of advance sheets of Nat'l Reporters. Large no. using library, all very studious.

---

Friday, Oct. 4. 1929

8 - 11 H. H. Turner  
Read shelves in both libraries. Found 5 Ark. missing from K.B.L. Did a few slips for Proc. Tenn. bar ass'n.

9 - 1 C. F. Heiskell  
Had quite a number of students in.

1 - 5:30 E. L. Ogden  
Mr. R. Kennerly asked to have pamphlets on form citations for law reviews put in pamphlet binders and kept on display case. Told him I'd attend to it next week. In the mean time he will tell members of the board to ask at the desk. Worked on pamphlets, sorting out cat cds. for those discarded. Looked over Indiana Univ letter about exchanges and finally took list down to Mr. Witham to get his ideas on what to ask for. A few minutes later he went home to nurse his cold so fear the matter will be pending quite a while. Phoned Hughes again about waste paper.

7 - 9:30 C. F. Heiskell  
Not so many as on other evenings this week.

Conference - Discussed care of wash room. HHT suggested she would look after it for a month - the others take their turns afterward. This in connection with Miss Baker's talk at staff meeting last Sat. when "housekeepers" were announced for Main Lib. wash rooms in alphabetical rotation. E. L. O. stated what changes she proposed to make in location of books. Said she wanted to defer shifting Bar Lib. books until after Bar Library books all have plain vol nos. - some still to do. Miss Heiskell said Directors had talked about it and had said more shelving was needed and thought E. L. O. was the one to ask Miss Baker. ELO. says Directors ought to deal directly with Miss Baker and not through a subordinate in this matter so will take no steps in the matter. Shifted Lib. office to put pam boxes with their subjects.

R.K. reported that Osborn's Questioned documents, is o.k. for Library - came in payment of advts. Mr. Blackard had not known anything about it - said he had a list in hand for advising what to ask for but this vol. was done without his knowledge. Displayed "Types of lawyers - art in Jour. Amer bar Ass'n - Think I'll keep a list of articles displayed on an interleaving sheet at end of this vol. Am taking "Questioned Docs with me. Will take to Main Lib. tomorrow. Vesser in Conference Room 1:30 - 4:10. No one else asked for the room but while it was occupied Miss Corkland + Mr. Seal took books downstairs to get up some moot court work.

Not so many books used today as yesterday or would not have been possible to look into it. Miss Williams phoned to ask if Suppl. to Fletcher's Corp. had come here – she had a bill for it. Mr. Steinmetz held his class in Library this A.M. Quite a difference in behavior of this first year class to those previous, these seem so quiet and attentive to what was being said by Mr. S— Mr. Steinmetz also asked to leave his teaching set of Dig'ts in lower shelves of Digests. C. F. H. put notice on same. C. F. H. asked Mr. S. as regards to the omission of Words and Phrases in 3rd Dec. Dig - said was publishers way to get you to buy a new set of Words and Phrases. Truckman came downstairs left things and Mr. Baker brought them up.

1 - 5:30

E. L. Ogden

Spent most of afternoon checking up a list sent down by Miss Baker – a lady wanted to dispose of some old books. Made notes of what we had and had not and showed it to Mr. Witham who recommended Tenn. session laws 1811 and Hales' Pleas of the crown - 1847. As regards books for Mr. Steinmetz classes, he used to keep them in library in Ayres Hall and it made so much trouble to have them there that I asked Mr. Witham if another place could be provided. He said yes – and assigned a whole section of shelving in his office to Mr. S's use. It really is not much trouble for the students to bring them up when wanted and take them back when done with. The library shelves ought not to be used for storage of any articles whatever, or books except those regularly on shelves. Any exception will lead to endless encroachments so it is best not to start. I therefore took the "teaching set" from the Digest shelves + put them in Library office – as many as I could on shelf behind curtain + the rest on the ledge. Don't want to be disobliging – but just don't think it will do.

7 - 9:30

As a book repairer came to discuss working on the K.B.L.A. with Miss Heiskell and Mr. John Hudson, took charge of reading room. Had difficulty with radiator. Many interruptions! Mr. Baker came to the rescue and escaping water washed one corner of floor clean. When any spare time came, worked on slips for Tenn. bar assoc proc. Helped students with reserves.

Mr. Wimberley brought Stenographer and used Conference room.

[E. L. Ogden]

Shifted. Think one more session will finish. Mr. Maddox (?) to see about treating + mending. Too long a story for just now. Will record tomorrow. Sent Law Lib News a note of Gibson's suits in chancery + Shannon's annotations of Tenn. decisions. Miss Baker gave permission for Mr. M. to get in Lib. at 7 AM. Charging Mr. B. not to let anybody else in. He says he won't.

7 - 9:30

Later -

[E. L. Ogden]

About treating books – Mr. Maddox + E. L. O. looked over Univ. Law collection and decided there was very little to mend but that some of the English Rpts, the U.S. (official set) and the Tenn. Repts might be treated to advantage as they are crumbling and much used. Phoned Miss Baker to that effect - She asked his price - he said 15¢ per vol for treating, 75¢ for treating and mending. Miss Baker authorized 100 vols. About 5 Mr. Mattox (Maddox?) came back with a man to help and went to work in conference room. They had something that looked like Wiggs waterless cleanser which they rubbed over the back + sides and left overnight. Gave a coat of something else next morning. Makes books much darker of course but not greasy. Mr. M. had counted books in the three sets earlier in the afternoon and when he came back said he had phoned Miss Baker and she said do the 203 which he had counted. The sample he showed looked as good as rebound, where he had mended, and surface hard, smooth + not greasy. Said he had done some as much as 12 yrs. ago.

Found Mr. Maddox and assistant working in Library when C. F. H. came. Mr. Steinmetz held class in Library. Truckman came bringing lots of new student text. Mr. Maddox finished up the work for U.T. repairing or rather, resurfacing back of leather bound books.

Took care of Advance Sheets. Mr. Maddox explained his methods +c. Worked on Slips for Proc. Bar Ass'n of Tenn.

1 - 5:30

E. L. Ogden

Checked up Mr. Maddox count of vols. treated - counted same as he did on English Rpts and Tenn. Rpts but counted 112 U.S. vols instead of 114 as he made it. Man from Mr. Morris' office to inquire about borrowing books on contracts some time. Mr. Morris having said it would be a good thing for him to study contracts + perhaps insurance. Told him we couldn't lend except as lent to students and that we had little if anything up to date that wasn't needed by students. He said he couldn't do any studying just now anyway as he was taking a night class and had a young baby! Maybe he could borrow books for the summer if Miss Baker would consent. I said any arrangement Miss B. makes would be carried out. Mr. Witham came in to talk about Mr. Steinmetz books. Says when Mr. S. comes the office usually isn't unlocked and he has to hunt Mr. B. to unlock and then carry the books up. It would be more convenient for him to have them here. He looked around and suggested various places. After digests, on top shelves in conference room and in Lib. office. E. L. O. suggested giving Mr. S. a key to the Office or a case on this floor that could be shut up and Mr. S. keep the key. Objected to putting the "teaching set" in the Library on any other conditions. Mr. Witham said I was unreasonable and perhaps I am. I said to each proposition - Ask Miss Baker and if she says put them in the library I will do it. As an afterthought, Maybe Mr. W. could use a block of lockers for his stuff. The lockers come 5 in a block and could be moved to hall outside library door. Guess I'll suggest it. Lib. + steps apparently not swept since yesterday. Told Mr. Baker to take away oily papers etc. from conf. room + to put back the drop light.

Put HHT's cop. of N.Y. Times art on Supreme Ct in cover to keep as a pam. Shifted. Practically finished in Bar Side. Dean McD. came to ask if Mr. Steinmetz could put his books in conference room. E. L. O. though[t] there wasn't room for all he had in Mr. Witham's office. Dean thought there was. E. L. O. suggested putting General digest on top + by other shifting let Mr. S. have the section where Cyc. is now - asked Dean McD. if he could not prevail on Mr. Baker to move the books as they are heavy to lift on top of stacks. He seemed to think it was the thing to do but he went off + Mr. B. did not come up so I do not know whether he did anything about it or not. I do not want anything in conference room changed except when I am here to superintend. Things are in a sort of order now and I do not want the job of straightening them out. Called up Main. Libr. to ask if next Thurs. is Farm or Law - but she was busy gone with architect. Suggest that CFH + HHT call her up to-morrow morning and leave word for me. Phoned Miss Baker about to-morrow. (Had suggested CFH + HHT doing so, so as to give them notice in time). She said Farm tomorrow and Law next week. Only things I had in mind to bring up were that shelves ought to be checked up carefully long enough before the holidays to give time to hunt up anything missing + to see that requests for reserves (if any) start with author's name at top - so they will be easy to alphabet. We can write the name in when filing if students have put any other item first. Truck man brought one new book. Marked those previously rec'd with date and shelved them where they are to stay. Asked Mr. Witham to send Mr. B. Friday P.M. to make room in Conference room for Mr. Steinmetz' books. Conf. room 1:30 - 2:00 Mr. Frazier et al (moot court work). Miss H. informed Miss Baker who ~~authoriz~~ said she would give final decision Sat night at staff meeting. Miss B. authorized Lib. staff to spend as much as \$1.50 for a Christmas tree such as Main + other branch libraries have. Wrote for information on correspondence course in indexing periodicals – Columbia Univ. Put more location marks on Bar Lib. author list. Mr. Witham asked ~~about~~ whether Mr. Baker had been up about Mr. Steinmetz books – He hadn't and didn't. No mail brought up this P.M. Did not notice the new phone book + asked Mr. W. to get us one. He phoned + said one would be sent by mail. Saw Dean McD. in hall and asked if we couldn't dispose of Prof. Bender's Workman compensation pams – He said yes. Sent some to Main Libr (mostly U.S. Docs) and put rest in waste paper. 8 - 1 [H. H. Turner]  
Very busy morning mostly working on odds and ends. Mr. Witham came up and talked over change in holiday schedule. Said he would tell Janitor that he must have library heated on those days. Said Miss Ogden had forgotten to speak to him about broken window and it must be attended to at once as it would make library cold when weather changed. Tree much admired. Seniors object to waiting until Tues. for reserves as some wanted by them are also in demand by other classes. Room seemed clean and I think floor had been mopped and furniture dusted. Everyone very good but holiday spirit makes them restless. Second year Hour rather hectic but finally adjusted peacefully. Students suggested that Reminder of fines (incurred by keeping books over period reserved) be posted on Bulletin board. E. L. O. came with elec. bulbs which turned out to be burned out. She moved tree to west window on acct of switch. Mr. Baker assisted! Man came to measure broken window at same time, also second year reserves!!

1 - 5:30 C. F. Heiskell  
Lights on tree quite an addition. C. F. H. saw Mr. Powers and thanked him in name of Library Staff (Law) for his kindness in holiday vacation question - also gave addresses and telephone nos. so if it were necessary to call he would have no trouble. Two U.T. students (new ones) for "Antelope Case." A roomful of students also Dean McDermott use Library quite a while – admired the Christmas tree and was pleased we had taken the thought and trouble to fix it. Students most quiet and industrious.

7 - 9:30

C. F. Heiskell

Cards - finished all so far rec'd. Am sure more new books + cards will come tomorrow, as basket was emptied in Lib. yesterday between 1 + 5:30. Mr. Witham called up to say students are talking among themselves that certain ones are getting all the books. ELO answered the staff will do its best to adjust matters book by book + person by person so that distribution will be fair as possible. He brought his cop. of Goodrich Conflict, Goddard Bailment + Auson (Turch's) Contracts to help out if needed. These are on low shelves near desk with Ballantine.

Holiday seems to've begun already in Library as no students were in at opening hour. Holmes' "Common Law" as brought sometime yesterday and returned to Display Case upside down, showing whoever did or had it was in a hurry to get it in place - before seen. C. F. H. did not notice that Roman Law had been transferred - hence her mistake. So glad the holidays find us with a clean sheet in shelf reading. It was a mad rush to get books and students straightened out - many coming in to know if such and such a book hadn't been signed for if they could get it - Think got all satisfied.

Floor doesn't look as if it had been swept at all this A.M. Mr. Baker sweeping steps at 1:20 P.M. – sounds hurried. Guess he hadn't done that either. Truck man came. Miss Baker phoned. Said Main Lib. would be open 9 - 12 each day the rest of this week and she thought it reasonable Law Lib. should keep the same hours. Phoned Mr. Powers' Office and Mr. J. Hudson to that effect and posted notice. Also gave Mr. H. the phone nos of members of Law Lib staff so we could be called if needed. Miss B. said she had left word for Miss Heiskell to call and would tell her about the new arrangement – and if E. L. O. doesn't get word from her before closing, E. L. O. is to ask HHT to come tomorrow and arrange with Miss H. which will come Friday and which Saturday. Later C. F. H. phoned she will come tomorrow. 5 students stayed. Most all afternoon – N.B. Morrell and Judge Hicks. Should have said above that Miss Baker says we may be more liberal in lending things we usually don't for use through holidays. We are more liberal anyway than Main + other branch libraries. Dusted here and there – Periodicals - RR-5 – Digest ledge etc. Miss Heiskell says Miss Baker wants notes taken of ~~who~~ how many uses library in holidays.

Kennerly also Mr. Crosby nearly all the time. Mr. Scale telephoned to ask if he could keep his books until next week. As no one asks for them said he could. Ten minutes late. Deep snow but not very cold, looks like more snow coming. RR has been mopped! Tables show a few spots missed by duster but not as many as usual. Thermometer 66 on opening. Steps had been cleared of snow but not the sidewalk outside. Had to wade through deep snow to get to side entrance. Looked about the same way in front but did not inspect closely. Floor in Bar library rooms appear to have been swept but not very thoroughly. Paint scaling off in N.E. corner still lies on floor – or maybe more had fallen. Users: Both Kennerlys + E. Hurd to exchange books. Mr. Douglas phoned to know if he could keep the McKelvey he has (passed to him by Mr. Johnson). He had reserved this for 3<sup>d</sup> period so said yes, as no reserves in for 2<sup>d</sup> period; Mr. Eugene Miller to exchange books; Phone from unknown person (sounded like Mr. Bass) to know when Lib. closes today; Judge Hicks porter with a lot of books – Smelled strong of alcohol but behaved normally; Dusted desk inside + everything in it. Did not note last Friday that Mr. McMurray (architect) came in at Miss Baker's request to see if stack lighting wasn't satisfactory. She had thought it was - E. L. O. thought so too. He said lights on tables were planned for new reading room. Sent to Miss Baker Standard Legal Directory inquiry for data for 1930 Directory with memo of vol nos. in Bar Lib. and no. reported for both Libraries 1927-29. Began mending + relabeling Ala. Made out book statistics statement for Dec. Compared copied ~~to~~ inventory lists. Think the Phi Delta Phi notices ought to be left in Students room for display and not in Lib.

Mr. Steinmetz held class in Library. By dint of hard scrubbing and scrapping [sic] with knife have about gotten the accumulation of years off sink and faucets in dressing room. Even Janitor spoke of improvement in sink and am ready to turn cleaning over to next in line. In yesterday's cleaning C. F. H. spilt some of the cleaning powder on floor has asked Janitor to mop it up.

Forwarded to Miss Baker Mr. Witham's note dated Jan. 3 recommending discarding of General digest, Amer. + English (See entry of Dec. 12). Phi Delta Phi notices moved to Display case. Mr. K. said he would like to have them stay 2 or 3 weeks. Said paid \$5.00 for it so did not want to trust it to Students' Room. ~~Labels~~. Will have to move it if more new books come. Mended + labeled Ala. Mr. Witham has a cop of Hankin U.S. Supreme Ct review 1928-9 which he will give Library soon. Says it is interesting. Told Mr. W. that Mr. Baker has never come up to put away Mr. Steinmetz books in Conference room and has not attended to ceiling light in RR reported to him yesterday on my way out at 5:30. May be waiting to get the globes however. Johnson in Conf. room 2 - 3, Elmore + others 3:15 - .

Conference - Discussed rules for reserved books during exams. Posted notice - "From time of posting examination schedule until examinations are over: No one person may reserve more than one work on a single subject for the same period of loan. No one person ~~shall~~ may reserve the same work for two successive periods of loan." Decided as to McPherson's ~~loan~~ fines no notice need be given Main Library and he be encouraged to pay in installments. Mr. Witham says a copy of exam schedule will be sent to Library to post tomorrow. His stenog. had not finished them yesterday. He says U.S. Daily is now being subscribed for by Y.M.C.A. for Law students + is being put in students room. Asks if we can't beg a rod for it from Main. Lib. newspaper rack and keep it in the Library. ELO says yes - and keep the file too as it is ~~often~~ indexed at short intervals. Mr. Witham will ask of Y.M.C.A. Sec'y is there is any objection to Library taking it over. He asked about new books too - how fast they are coming in and I suggested he inquire if they couldn't come faster.

Spoke to Miss Donaldson about fine + she said she hadn't understood there would be any and would get book later as she had forgotten to bring it!

9 - 1 C. F. Heiskell

1 - 5:30 E. Lucy Ogden  
Miss Donaldson to ask about fine. Said she was willing to pay but had never borrowed except from display case and did not realise this was different. E. LO counted up about \$1.40 as fine due but thought she may have been remiss in not explaining the terms so compromised on 25¢. Miss D says she owes 5¢ on something else previously borrowed but it was not recorded so added it in pencil. She seems honest. Mended +c. S. Chambers to study for the bar exam. Cheerful as usual! More students than usual - Mr. Witham brought exam schedule for posting.

7 - 9:30 C. F. Heiskell  
Think Miss D. got off light as to fine. Others could have same excuse. It's not Librarians fault they do not read notices plainly posted and a few lessons might be a good thing in future cases.

Saturday Jan. 11. 1930

8 - 10 H. H. Turner  
Agree with C. F. H. in regard to Miss D's fine + fear it will complicate future situation. She admitted knowing rules of Main libr in a general way. If similar cases arise will refer to E. L. O. to settle. "Ignorance of rules is no excuse for violating them." See quotation in Main library. Also students handbook p.72. Think question should be thoroughly discussed at next conference as it puts other members of staff in awkward position regard to collecting fines + accepting excuses. This is only my personal opinion however, but I think I ought to record it. If rules are flexible one person must do the adjusting. Read shelves. Books in sec. 5 many out of place but everything there.

Owing to C. F. H. falling down part of stairs yesterday p.m. H. H. T. took charge from 8 - 1, instead of during usual period. C. F. H. sent message that the doctor had not yet seen her foot and she would send word later, after his visit. Mr. Witham telephoned her not to come back today, anyway, as we could get on all right. Miss Baker phoned for H. H. T. to take night duty and be excused from Main libr. when two come on same day - also to open tomorrow - Wednesday. Conf. room used 12.30 - by Mr. Snepp.

1 - 5:30

E. L. Ogden

Truck man came. Mended. Phone out of order – used Mr. Witham's. Mr. W. reported it to phone people. Miss Baker phoned about lending Thompson's Shannon to Mr. Allred at Farm for one month. Mr. Seymour of that office called + got it. Miss Heiskell reported to have been told she must stay in several days. Arranged with HHT to come tonight – (that is ELO will), + HHT come at 8 tomorrow – ELO all day Thurs. Phoned Miss Williams for new ink pad – also for rod for newspaper to use for U.S. Daily. Miss Williams said had none unless Miss Franklin had one to spare. Mr. Witham said Mr. Davis of the Y.M.C.A. said it would be a good plan to all right to bring it to the Library after it had stayed a day in the students room. Mr. Witham's idea is to have one rod in the students' room which Mr. Baker would fix the paper when he brings it up with the morning's mail and another rod in the Library to keep it on the second day. E. L. O. discouraged the idea of relying on the janitor for any service in this connection. It is quite clear that whatever is done about it will have to be done by the Library staff. It is very doubtful if we get a rod any way. Suggest that for the present the staff member who comes at one stop by the students' room + bring up the issue rec'd the previous day. No good place in Library to keep it. RR-1, bottom shelf may do until something better is thought of.

7 - 9:30

Opened in C. F. H's absence. Telephone man came and put everything in order. Mr. Steinmetz brought up his class to examine Tenn. material for the last ten minutes. Judge Thornburgh came up, and discussed an interesting case.

1 - 5:30

[E. L. Ogden]

Had a phone call from Miss Williams this A.M. asking for fine money to pay for Reed - Conduct of a law suit to replace copy lost before 1921. In this connection ELO offered to send up titles of other books not found in Oct 1921 ~~previously~~ reported at that time to Main Lib. but apparently Main Library records not adjusted thereby. Counting money find fines collected to date add to \$3.65. Find in box only \$2.44 and a receipt for \$1.00 which was spent for Christmas tree. of Ink money stated on Dec. 12 as \$1.10 find only \$1.05.

(NOTE IN MARGIN) NB - evidently 5¢ had strayed from ink to fine box - put it back.

Waste paper money \$0.75. Oct 24 (or later) turned in to Main Lib - Receipt for this book \$1.00, ~~making a total, receipts + cash~~ account now stands -

On hand at begin. of school year		.70	
Collected to Jan. 15 1930		<u>3.65</u>	
Total		4.35	
Sent Main Lib. Receipt for this book (Oct. 24?)	1.00		
On hand cash	2.44		
" " receipt Xmas tree		<u>1.00</u>	4.44
On hand from fines	2.44		
Owe ink fund	<u>.05</u>		
Balance -	2.39		of which 4¢ is excess unaccounted for.

Have also 75¢ waste paper money. Later Mr. McPherson paid \$1.20. So - am sending Miss Williams - \$3.25, Fine money, 75¢ waste paper money and receipt for Christmas tree. Mr. Witham will call up Mr. Kirkman to see that stair strips are made O.K. Also looked over cards noting books reported lost when Law Lib was inventoried Oct. 1921 and sent Miss W. to see that Library records have been changed accordingly. Pams. and other odds + ends attended to. "Housekeeping" hasn't had a show, thus far - no chance to get at it.

Staff will please examine all books they shelve for loose or shaky backs and cracked hinges + put note in desk tray behind card labeled mend. Watch especially RR-5 and Alcove treatises as these will last the year if taken in time and have to be handled to find out if they need it. Went down at noon to get U.S. Daily but copy for Jan 14 wasn't there - only Jan. 15, rec'd today. Helped student of commercial law find a case Keyes (N.Y.) 1867. Mended. Phoned Miss Williams (that is phoned Main Lib + Miss W. answered) about Mr. Chambers wanting to take out books. She said she did not know whether the subject had ever come up. Said that occasionally people not connected with Univ. would pay a 3-months or other limited fee – and be allowed to borrow. Said if we lent it would be on our own responsibility as there is no precedent. Miss Baker comes back Monday – when we can ask her. Stair rods have been nailed down. Mr. Witham asked Miss Williams to get two newspaper file rods for the U.S. Daily. Told Mr. Chambers we'd lend no more to him till Miss Baker is consulted. She is to come Monday.

Floor untouched since yesterday, obviously. Temp. good. Conf. room used by Mr. Douglass 9.30 - 10. Miss Baker called up to discuss lib. hours - said she didn't see how ELO + H. H. T. could carry on without help. I said "this week we could manage anyway." She said Miss Northrup owed some time + could come at night if needed - but she (Miss B.) would call at Miss Heiskell's this p.m. and could tell better after that. Miss H. had previously sent word that the doctor wouldn't let her go out for some days. If Miss N. comes she had better be told not to put up books as she wouldn't know where they went. Hope she won't be sent on some accounts.

Truck man came. Mr. Chambers reminded me of his request to be allowed to borrow. Called up Miss Baker but she wasn't there. Miss Williams said she would leave a note on Miss B's desk about. Agree with HHT that we can manage this week - without help from Main + prefer to. Put some labels on Bar Lib. stacks to agree with results of last shifting. Later - Miss Baker phoned that Main Lib does not lend to ex-students. Told Mr. Chambers what she said. Same rule to apply to branches. Mr. Douglass in Conf. room 5 -. I said when I told him on Mon. at 5:30 about lights, we wanted one put in by 7 for night use. He came in a few minutes later to say if anything like that is needed in a hurry better call Mr. Kirkman. I pointed out Mon. to Wed wasn't "hurry" for lights. He said anyway its not my business to put in lights. Mr. K. ought to send an electrician to do it. !!! I said very well - I'll call Mr. Kirkman. Did - Mr. K said he thought the janitor hadn't any globes - would send. He did - two lights replaced. Brought glue + shellac for mending. Mended. Students restless. Had to be stern + dictatorial. Floor hadn't been swept. Temp. 68 at 8 AM + comfortable all day although a cold day. Mr. Crosby + McPherson in conference room 1 - 1:45. Mended. Saw Mr. Tison set down 3:30 instead of 3:40 for registering "in." Thought I had seen him add on some time once before. Looked deliberate both times. Reflected + then told Mr. Witham. He said he would be glad if we would watch him. Did not promise to watch his register but the staff surely will have to watch him about the books if he is that kind! Miss Baker phoned - said she hadn't had a chance to see Miss Heiskell yet, hoped to today. E. L. O. said arrangements for this week are not a hardship to her (me) + hoped not to HHT so Miss B. said o.k. Shifted to put Crawford in alphabetical order. A man taking a course in Political Science to use Library – wanted the different Tennessee “[Na?]ils”. C. F. H. showed him how to find some – also a town lawyer to use Reporter system. Very few students in Library this A.M. – only one Law College Exams being held but Bar Exams are still on I am told. Mr. Eddy came to reserve a book for the weekend and C. F. H. explained to him as he still owed 20 cts on a book fine and the rule was no books could be taken out until fine is payed [sic] – he said he paid the 20 cts to E. L. O. the other afternoon – if so she failed to record it.

1 - 5:30

E. L. Ogden

Concerning Mr. Eddy's fine – He did pay. When I found his 5¢ + a note from H. H. T. there was no entry under fines to show he owed anything. Nothing since the Jan. 21 entry marked "paid." So instead of making entry, left note for H. H. T. Assuming she would know about the entry + see to it. Should have mentioned the record in my note. Once before a student came + paid a fine which had not been charged in book. Miss Baker came – brought previous correspondence about no of vols reported to Standard legal directory. Said she thought she would write saying former error in report but to let present figures stand until the library catches up, also said the Sacco-Vanzetti vols. (6 of them) were probably a gift as Main Lib. had been given a set. Put these in box to go to Main. Libr. to be cat'd + returned. Also Hankin Supreme Ct. Mr. Witham says if wanted before it comes back ~~tell~~ refer students to him as he has a cop. Miss Baker also said probabilities are Mr. McClure now cleaning in Main Lib will be assigned as janitor. Says he does well but she doesn't know how good he will be to plan work without Mr. Wells to direct. She suggests he be let alone to see how he gets on at first, and then in making suggestions, he be asked to do some one specific thing over a certain week end. Said probably some definite hours during day he must be free not to be called on to make up for his having to start early + finish late. Concerning Gen'l digest, Amer. + English recommended by faculty for discard, she did not want to get rid of it entirely – had no place for it just now. Will let us know later. Finished cards + book statistics rept for Jan. Mr. Douglass et al. in conference room 1:30 - 5:00. Janitors in to mop at 5:30.

H. H. Turner

Mr. R. Kennerly in Conf. room 8.15 - 9, Elmore 8.35 - 9. Room clean – warm (70). Douglass - Johnson – 9 - 11.30. Janitor removed old bundles of Advance Sheets. Said he was taking them upstairs.

11 - 1:00

[E. L. Ogden]

Douglass + Vesser in conference room 12 – . Conference chiefly on janitor service. Also it was remarked on use of library + borrowing of books both being less this year than last. This curious fact has been noticed before – ~~different~~ successive classes do not use the same books in the same way. One can't predict what will be wanted one year by referring to what was wanted the year before.

1 - 5:30

C. F. Heiskell

Came ½ hr earlier so E. L. O. could have as long an afternoon on her time off duty. Only three or four students in Library.

E. L. Ogden

Mended. very few in library. dusted periodical shelves. Mr. Blackard in Conference room nearly all afternoon. Truck came. Miss Baker phoned to ask if we had vols. to bind we could send now. Answered it was desirable not to send till close of school year especially as we have just received the periodical index + I knew of more needing rebinding that could be spared now. A Univ. student asking for something on "railroads and trucks." Got out various books. He said he got what he wanted from Fuller's Interstate commerce. Mention it in case he comes back - but do not think he will.

7 - 9:30

C. F. Heiskell

Marked ~~hoo~~ new books with dates – attended to pamphlets +c. Put one cop. of Amer. Bar Ass'n Standards in binder with other Bar admission material (RR-5) and several cops on Legal Education pam box (also RR-5). Mr. Witham said keep 4 or 5. He is trying to get "1000 or so" to send out with announcements. Made cat. cards for this pam. also. Wrote Miss Williams about the various pam. supplements to U.S. Code Annotated and asked her to send ink. Miss Baker very anxious to have RR. floor scrubbed. Understood Mr. McClure to say would take two days. Miss B. thinks all right to do part while Lib is open. I thought students would not come in if scrubbing going on. Mr. Witham thinks it would be all right to do as Miss Baker suggests. May see Mr. McC. on way out and find out what Mr. McClure has been told about it. Gave Mr. Witham his paper about Citation volumes due on Tenn. Law Rev. account but not yet rec'd. Wilma Turner, E. Miller + others in conference room for moot court work.

Talked with janitor on way out in regard to scrubbing RR as Miss Baker had asked me to do. She is anxious to have it done soon even if necessary to do some while room is in use. Janitor says he would like to wait till warmer weather when furnace isn't operating so he can stay on the job + not have to go down to fire up every little while (seems reasonable). Says Miss B. said nothing to him except about the kind of soap. He wants same as used in Main Lib (which there is none of here) and would like also to be able to borrow a small scrubbing machine he had seen at the Farm in Extension offices. About other Lib. floors say they were streaky after their first Sat. mopping + it will take several more moppings to get them in order. Told him before RR floor was scrubbed thought baseboard ledge should be cleaned. Said he would brush it off. I think it will be well to follow Miss B's suggestion to let him go his own way for a week or so longer to find how he works out. Did ask him to fasten felt on chair. Truckman came.

11 - 12 conference. Discussed individual students' behavior and what (if anything) Lib. staff could do in respect to false entries in register. It is of interest to us as guide to which students bear watching in other ways and as general contribution of Lib staff to maintenance of honor standard in Law College but we cannot undertake to watch the register systematically. Will have to forbid eating candy – against rule in Main Lib anyhow – and stop leaving chewing gum papers about. Will ask Mr. Witham to give them notice on both counts. Asked Mr. McClure to bring up daily both new cop + old one of U.S. Daily. Whoever is at desk can paste in loose leaves (if any) + ~~put on rod~~ take old one off rod + put new one on – also check on card – the old one, not the new. Then put new one on and let Mr. McC. take it down. Talked about janitor service but will wait till next week to make suggestions. Worked on Tenn Bar Ass'n index slips. Washed sink + dusted a little – not much housekeeping done by me.

Mr. McClure talked about cleaning. Told him I had noticed a difference in window sills and ledges – top of wainscot and baseboard. He said he would brush out under radiators when he could get a brush. I said I thought Miss Heiskell would not mind his using the Bar Lib. brush for that – would ask her. He said he would have to do the scrubbing of RR on some Sat afternoon + Sunday – thought he could get his brother to help + could be done quickly if we could borrow the scrubbing machine from Extension Office + get the soap used in Main Lib. He had asked Miss Baker + she said Mr. Kirkman ought to furnish it + Mr. Kirkman says he buys one kind in quantity + won't buy special kinds. The Main Lib. buys its own. I told him I would buy the soap for once and would ask at the Farm to-morrow about borrowing the scrubber. Suggested he might sweep out corners of stairs better – also use Dutch Cleaner on the wash basins in the hall. Finished going over Bar Ass'n of Tenn. Proc. title + author index slips. Now ready to copy. Got supply of letter paper from Mr. Witham. Average attendance. Quiet.

7 - 9:30

Interesting but looks as though our library is quite different from other law school libraries. Would understand their cat. cards better if I saw samples. Did some more inspecting for space. Need till June 1931 about 1½ sections in Bar + same in Univ. part. Would be glad if staff would put their minds on it + express ideas to-morrow at staff meeting. On opening, found floor in a very unsightly condition. Early comers were all much shocked. Fear remedy was worse than the disease. Miss Baker came down early and saw it before it had been walked on. She only tarried a moment but later returned with Mr. Witham. Footsteps, black streaks, soap marks and discolorations varied the color scheme. Mr. McClure came up and said that he had worked all day yesterday and was tired out – felt that he had taken off one layer of dirt. Fear he's too optimistic. Miss Baker made no comment but seemed upset. Mr. McClure says Miss Baker told him that she thought machine ruined floor, but he thought it "looked real well," but she wants him to try again. At noon Mr. McClure came with a bucket and rag and started wiping up floor.

Conference (cont. from above) Discussed use of phone by students – no. of calls from outside seem to be increasing – also use of phone by students calling up others for social purposes. Hard to regulate as Mr. Witham seems to make no restriction when his room is open. No decision come to.

1 - 5:30 E. L. Ogden  
Miss Baker phoned that Knoxville College had applied for the loan of current legal periodicals over Sunday – asked if Law. Libr. would be willing to lend. E. L. O. said we do lend to Fac. or students – Miss B. said at first she would call + get them and attend to delivering them herself – felt inclined to do missionary work for them (K. College) as they have no other source. E. L. O. remarked also that as Tenn. citizens (the state pays their tuition, I believe, in place of admitting them to U.T. – at least it used to) they have some right to consideration. She phoned again to say the periodicals are to go as an inter-library loan – to be charged to Miss Robb, Librarian, Knoxville College. Mr. Miller (probably) will be the one to call for them and will bring his citations – 6 or 8, she said. She may call up about it again in the morning, but if not these directions will hold. Mr. Miller will come near closing time + return them at 8 AM. Monday. Finished getting material together for consideration in making this year's order list. Re-checked article on recommended material in Law Library Journal and put everything together on bottom shelf of low shelves near desk – Law Lib J., advts. + slips – ready for faculty when Mr. Witham asks for it. Sent Mo Bar Ass'n Proc. to Main Lib for cataloging. Took a few vols on crime, Field's Famous legal arguments, + Cunningham's Logic from Display shelves – put last two under author in RR-1 and the others in Lib. Office. Expect we shall have to have a notice on Bar Lib. table - For lawyers' only or to that effect. Students do not really need that room. I sent Johnson, McCain + Darden to conference room instead – but others went to Bar table later – one by one when there was plenty of room in R.R.

7 - 9:30 C. F. Heiskell  
Plenty of noise as they were pouring concrete on Church property. Only (2) two students in Library.

Saturday, April 5, 1930

8 - 10 H. H. Turner  
Agree with opinion in regard to students using table in K.B.L.A. except for emergencies. Never did like the arrangement. Miss Baker spoke yesterday of making up time if one attended meeting of T.L.A. Said it wasn't necessary but H. H. T. could take C. F. H's opening Tuesday and Wednesday, also Thursday if E. L. O. goes to Farm, as the latter had the last of the week. Same work!

9 - 12:30

C. F. Heiskell

Not many using Library this A.M. Too much society last evening as I hear there was a U.T. dance at Jefferson Hall(?). A Mr. Griffen came for periodicals that Miss Baker gave permission for Law Library to lend to Mr. Miller of Knoxville (Col) College. Some the Library didn't have but C. F. H. sent the ones on list that we did own.

H. H. Turner

Same as yesterday. Finished copying slips for Tenn. B. Ass'n proc. Mr. Kirkman in conference with Mr. McClure at 8 a.m. about floor sent by Miss Baker who hadn't been informed how he (Mr. M) "had worked over it." Mr. K. suggests a sponge bath, a strip at a time +c +c. Mr. Key, law alumnus, called conference with Mr. Witham about episodes last night. Will tarry for short time tomorrow A.M.

9 - 12

C. F. Heiskell

A call to C. F. H. from Miss Baker requesting her to come to "Shenandoah" for dinner at 6 P.M. to meet the two Librarians from Memphis, also as 'twas C. F. H. evening at Library a notice could be posted that Library would not open until 7:30. Who broke glass over schedule, telephone and Library schedule lists?

1 - 5:30

E. L. Ogden

Miss Baker with Miss McCurdy + Miss Palmer to show Law Lib. Did not ask her about the floor as she seemed interested in other things + had not much time. Mr. Goddard and Johnson(?) in conference room 2:30 - 3:30. Finished comparing slips + HHT's copied list. Left a sketch for a title page and some other notes with her copy. Mounted clippings from recent News-Sentinels on local courts. Mended a very little.

7:30 - 9:30

C. F. Heiskell

Certainly enjoyed the meeting and dinner with Misses McCurdy and Palmer. Think these clippings from "News-Sentinel" that ELO has mounted so effectively are quite good to have as judging from past experience, there are not many students who know the Courts well of the State. Sorry Chancery Court was not included in this "Know Your Courts" as 'tis one of the most important Courts of the State. Had a good Library attendance for the evening hour.

Added an extra hour at noon in order to give E. L. O. more time for her lunch hour. Found 108 Ill. without any trouble as it was only put out of place below the shelf where it is supposed to be. This trouble will always be more or less as persons using vols. are not careful to replace in respective place.

1 - 5 E. L. Ogden  
2½ hrs less than regular schedule to compensate for coming to night in HHT's absence at Tenn. State Lib. Ass'n meeting. Truckman came. Odds + ends of dusting + straightening – also looked up information for letter referred for by Dean McDermott.

7 - 9:30 C. F. Heiskell  
So much noise from blasting and steam shovel that staying in R.R. was most disagreeable this A.M. as owing to heat windows had to be kept open.

Mr. McClure asks that he be the one to look after the closing of Library windows both afternoon and evening. Said he always came up to Library after 5:30 P.M. anyway and would look after them. Guess they think that will save breakage(?). Only a few in Library at opening hour. Mr. Steinmetz held class downstairs but sent up for books. Great activity among the Law Rev. Miss Baker called up at noon to ask for circulation statistics for April, May, June 1929. Seemed in a hurry for them. Looked in Record book drawers +c but couldn't find them. Maybe C. F. H. will be more intelligent. She said call her up this afternoon and tell result of search.

9 - 12:30

C. F. Heiskell

Reports from E. L. O. seem very satisfactory from both home and Hospital. Miss Baker wanted the circulation statistics from April 1, 1929 to April 1, 1930 - C. F. H. gave them to her. 981 Vols circulated during that period. A good crowd in R.R.

11 - 12 Conference. Discussed additional copies of text books needed for next year. Went over some of portrait index cards with H. H. T. and later planned what to do with group portraits. Finished looking over current periodicals for book reviews. Did cards to date. Had to move some of R.S. Cowan books as rain beat in through window casings. Don't think any of them got wet to hurt. Mr. Weiss tripped on brass rods + went clattering down to 1st landing. Said he wasn't hurt. Whoever sees Mr. McClure tomorrow night ask him to go over them again + nail down any loose ones. Mr. Witham asked for latest U.S. Supreme Ct rules. Found them in Annotated Code - might be useful to remember.

7 - 9:30

C. F. Heiskell

Not long since C. F. H. called Mr. McClure's attention to loose brass rods - will do so again. Apropos of U.S. Sup. Ct. rules they are also found in Gibson's Suits in Chancery 1929 Ed. There is where C. F. H. found them for seniors when they expected to take Fed. Bar Exams.

In cases where there is a question whether a book has been assigned a new location the first place to investigate is the "Official list" file in the cat. case. According to these cards Cunningham is marked RR-1. The new location was marked on card and on inventory list for RR-1 but by mistake was not crossed off Display case list. The "official list" is intended as authority in all cases of discrepancy or deficiency in inventory lists although the latter are meant to be exact down to the last number of advance sheets added or removed or any other item. One object in reading shelves is to locate + correct any such case as the Cunningham one and to get cooperation of all the staff in making the records as near infallible as humanly possible. Odds + ends of work pending, mostly cards. Phoned Miss Baker about Thursdays. Will go to Farm May 15 + 22; Law May 8 + 29 (next Thurs. + last Thurs.). Hurd + Baughman Conf. room 2:30 - .

1:30 - 4:45

C. F. Heiskell

As staff has always used Inventory List for shelf reading, the mistake made by C. F. H. was a very natural one and arose from the Inventory not being corrected. Worked in Cowan books.

7 - 9.30 H. H. Turner  
Have always used inventories in fortnightly reading of shelves.

Evidently got mixed in my dates concerning Farm. As tomorrow is 15<sup>th</sup>, will go there 16<sup>th</sup> + 22<sup>d</sup> and to Law 29<sup>th</sup>. Revised some more of catalog alphabeting + other odds + ends of "work pending."

7 - 9:30 C. F. Heiskell  
Certainly was a mix up about tomorrow (Thursday) as E. L. O. had told C. F. H. she would be here the latter had made her plans to take some of the overlapping time due her off for her room moving and cleaning. A large number using Library. Dean McDermott in and took a book out when leaving.

Attended to books + cards rec'd on truck yesterday. Spent most of the afternoon hunting up impeachment proceedings of in Tenn. of Williams (1830), Frazier (1867) and "more recent" Davis, Estes, Dubose, Edgington. Wanted to reply to letter rec'd by Miss Baker which she read over the phone. Found something about Williams and Miss Baker found something about Estes - not even initials or dates of the others known to us. Her correspondent is making a collection + wants to know if Lib has them or can tell where they can be bought. Am taking index to Tenn. Bar Ass'n Papers to show Miss Baker. Mr. Witham has one cop. of new U.T. catalog - will send Lib. one when more are distributed. Didn't go to Farm yesterday. Stayed at home + rested up sore muscles + went to doctor - am to report to him in a month as all OK so far.

7 - 9:30

Will ask Judge Jones in regard to Miss Baker's request.

Looked over the Cowan books that were tentatively offered to U. of T. Law Library and got Mr. Witham's opinion on all not ~~belong~~ needed to fill gaps in sets already in Library. Arranged in new piles + labeled according to his decision. He calls attention to new issue of Amer. law school Rev. revising Miss Moylan's article on recommended material for law school libraries. He will give Library his own copy to file with desiderata instead of the original article, or along with it. Found 73 Ill. between 206 + 207 Ill. + other mixed vols. Looks as if some one had been trying to shelve books instead of leaving for Lib Staff. We don't let some books stick in + some out either when we put them back. Wonder if it is worth while to say anything to students so late in year. Mr. Witham says faculty may want folder with suggestions for purchase anytime now. Showed him where it is + said staff would deliver it on request.

In reference to Mr. Cowan's books that the President of K.B.L. looked over with C. F. H. and left in her handle until the Directors would have a meeting; thought when C. F. H. spoke to E. L. O. as to what he, Mr. Powers Pres., said, that we both decided until this meeting nothing would be done as to these books in their placing - hence think the matter best be left until that notice be given C. F. H. and she will take the matter up by their authority. So glad 73 Ill. has been located, felt sure it was some place where it did not belong but both H. H. T. and C. F. H. had tried locating it. Just shows what fresh eyes will do.

Worked on Public Utilities Fortnightly. Its remains (if asked for) are on low shelves awaiting Mr. Witham's opinion whether Law Library wants them when bound. As Mr. Witham was not here and the hour close at hand C. F. H. had his stenographer type the invitation and stick it on bulletin board. Also put one up in Library so felt her duty done (?)

8 - 11 [H. H. Turner]

Conference room used by Mr. Douglass 8.30 - 11. Read interesting article in Am. bar ass'n jour. v. XVI, no. 5. Mr. Witham brought up the new Edition Jones' Forms; 3 vols. Select essays in Anglo Am. leg. his.; and Cyclop. law dictionary with request that H. H. T. "official printer" display same with notice that they were some of the prizes to be given. The general opinion is that Jones is the choice plum, "Essays" are at a discount tho'. H. H. T. assured that they were very interesting! Mr. Blackard is causing irritation by keeping out Mechem on Agency on which he has stated freshmen are to be examined. He took it out at 7.10 last night and has not yet returned it back at 11 a.m. Mr. Kirkman and a stranger - not a workman - visited the stacks. The janitor says he is a contractor, and that much tearing away in basement and work in moot court room are in store. Mr. McClure also reports cigarette ashes and stubs in Conference room on several occasions.

Also said that he had been notified by publishers that Jones' Forms was "green", being just out of press and suggested putting it under a weight. So he put it in library office on floor under some of the Robt. Cowan vols. near door. 12:30 - Messrs. Douglass + Johnson in Conf. room.

Found plasterers here on arriving at 7:45 and they certainly are making a mess in Stack-room. Think the University will have to have the K.B.L. Got Mr. McClure to take Mr. Steinmetz books back to Mr. Witham's room (with Mr. Witham's approval). Worked on binding. Put empty pamphlet boxes behind curtain in Lib Office under "Trusts." Mr. McClure went thru stacks also down back stairway to see if anyone had been thru that way but nothing so far seems disturbed.
