F. Apperson

First day on duty. After getting instructions from Miss Ogden, before she left, I read "Helpful hints for new library staff members." Checked mail (mostly periodicals), added 3 vols. of suppl. to Pond's Public Utilities to daily record book. Several students and 2 lawyers (Mr. Strauss and a companion) came in. Mr. Strauss took out book. I looked in Tenn. Bar Assoc. proceedings for from 1914 to 1935, for Lewis Shepherd (research on Miss Baker's question) but no success.

7:30 - 9

Miss Walsh phoned to ask what supplies would be needed. Told her hand blotters, no. 2 pencils + scratch pads. She will be away two weeks. Also told her for the year, book cloth for mending ½ yd tan (legal) ½ dark red ½ dark blue, 4 dark brown – about 1½ pints of white liquid glue and ink (do not know how much). Continued search for information about Lewis Shepherd. Found his name in a list of lawyers 1873 (So. Law Rev.) and in Bar Ass'n of Tenn. membership lists 1884 -95. He read a paper 1909. A Chattanooga man. Couldn't find his name in a number of other places examined + no information in what court he was judge. Student asked whether we have anything on letter writing. The answer is "no" try Main Lib.

Mr. Privette (for Judge Grimm) returned all books + said he would see Mr. Hess Tuesday about payment of fee. Campus mail. N.B. Morrell (member) asked to have a list of the Tenn. legislative journals that we lack, 1870 to date. Said he might have a chance to beg them from county court houses where there are many unused vols. He gave us most of those we now have – but not Senate 1903 which he came to see. As to Judge Shepherd, he said he was county judge Hamilton Co. and as such decided on probate matters. If his decision was not liked, it could be taken to the circuit court. Records of neither of the foregoing are printed. If further appeal were made, it would be to the court of civil appeals and then to the state Supreme court. Reports of the court of civil appeals were pub. for some years + for others, not. That the two upper courts would take up the questions on which error was claimed so that no mention would be made of the color question unless it was upon that ground the appeal was made. He advised writing to Judge Shepherd's son, 1115 Hamilton Nat'l Bank Building, Chattanooga, Tenn. – T. Pope Shepherd, Atty. Wrote all this to Miss Baker. Gave the top of the desk a little weekly cleaning + disposed of waiting matters in basket selected for bulk rather than importance.

F. Apperson

Dusted, checked mail (lots of it) + shelved what Miss Ogden had already seen. Finished posting supplements in Pond's "Public Utilities" (3 vols.), straightened tables, shelved books in N.W. stacks + R.R., collated 2 vols. of 4 decennial digest, added + shelved advance sheets of national reporter system. Read some of June daily record notes. Quite a few students in library. Ink and some mail came from main lib. incl. scratch pads, pencils, blotters.

12:45 - 5

E. L. Ogden

Looked up lists of justices of various states wanted by Mrs. Morris. Found them in Reporters and gave Mrs. M. the 1937 Who's Who in Law to get their addresses. Rec'd Miss Baker's statement of book statistics in all Univ. libraries, figures for law, 18,473. Beginning July 1937 Miss Baker asked Law to take Main Lib. figures 17,999 instead of figures reported by Law Lib. 17,796, and beginning there, try to keep the figures alike. Since then have kept two counts, one as delivered to Law and one, learned from Miss Bergen, reporting the latter only to Miss Baker. The difference July 1, 1937 was 23, and July 1938 was 17. Time of delivery partly accounts for the difference.

7 - 9:30

Mr. McNabb returned one book from Mr. Kramer. I reminded him that Mr. Kramer's fee has expired. He said he would see that it was paid today. Wrote ~~note~~ postcard to Mr. Kramer telling him that 59 SW. was renewed for the last time to July 13 - after that fine would be charged. Miss Goehring phoned to ask if Mr. Neblett had paid fine due in June. She says he is registered in Law College this term. I said not paid. She said she would try to get it. I said he probably would pay more attention to her than to me. Reminded Mr. P. Taylor of his fine yesterday. He said he hadn't forgotten but was broke.

Hodges, both members used Lib. Gave Preston Taylor permission to take McCormick on Damages home from about 2:30 - 4:30 "where it was cooler." E. L. Ogden

8 - 9:45

Wrote a note to Miss Baker to ask whether Treasurer (U.T.) had reported Mr. RR. Kramer + Mr. A.C. Grimm as having paid fees for use of Library since July 1. So phoned their offices, spoke to Mr. McNabb (Mr. K. was out) + Mr. Privette (who has 2 books out for Judge Grimm) and they said they had been told it was done + would inquire at once. Campus mail. Daily dusting. Checked mail, recorded and added Advance sheets of Reporter system and Shepard's U.S. citations. Read some in "How to find the law." Dean Witham asked that Knoxville charter be put on reserve, so I made card for that - also cards for new pamphlet on Jews. Dean Witham says city court has v. 2 of Tenn. private acts and called Miss Baker to see why we haven't. Miss Baker not in at time, but called later and said tell him or Miss Ogden to find out from city court if they had ours by mistake, or extra nos. She didn't know whom to ask about it there. Two lawyers used library.

12:45 - 5

E. L. Ogden

7 - 9:30

Phoned various places to find out what 1937 Tenn Acts the lawyers have rec'd - Sup. Ct. Lib. in Ct. House said they hadn't rec'd Priv. Acts v. 2 but the way the phone was answered I doubt whether he knew just what we were talking about. Mr. Henderson, TVA said they have Priv. Acts v. 2 but thought they had not had it long. Mr. Dwight (who takes orders for Knoxville lawyers), said Pub & Priv Acts pub. in 1 vol for both extra sessions is just out + a shipment expected soon. Phoned Miss Baker what I had learned. She is writing Sec. of State to find out why our cops. haven't come. Cooler to night - so made a good start on shifting in alcove. Only 1 reader in Lib. this P.M. for a short time. Dr. Combs + 1 Univ. Student + Mr. McNabb for RR Kramer (fee member). Mr. Van Deventer, ~~former~~ member (by contract) used library for 1st time in several years. Asked several questions about holdings of library, subjects taught, etc. I loaned him our desk copy of U.T. catalog. Mr. McNabb used Library.

12:45 - 5

E. L. Ogden

Mr. Horace Van Deventer regrets that state sets Reporters are not being kept up to date – thought it was required in the contract. He thinks the Reporter system a poor substitute. Says the nicest place in Washington to use law books is the Library in the new Supreme Court building. Comfortable + convenient + what you do not find there will be brought you from the Judges room or L.C.; admires particularly the comfortably furnished lounge where one can smoke. Says D.C. bar ass'n members pay \$12.00 a year for upkeep of their library. Shifted. No readers until within half an hour of closing time.

7 - 9:30

F. Apperson

Typed all I could think of as needing typing. Marked outside of Social Sciences Ency. Filed cat. cards. No readers.

Wednesday, July 20, 1938

8 - 12:45

E. L. Ogden

Shifted. Mr. Keller Smith used Lib. for his father Chas H. Smith (member) and Mr. Rader for W. Baxter Lee (member); told both to get these members to send written authorization for this use. Miss Baker phoned as to Court reports needed to bring states surrounding Tenn. up to date. Told her I had answered Miss Williams notes as to this recently but could find no prices quoted for them. Later remembered we need some vols. for cop. 2 of Tenn. Reports + sent her a note of these. Asked Mrs. Morris if she could persuade Mr. McC. to clean up the wash room once a day now that he had two less fac. office rooms to care for. He came up soon after + spent some time making a start.

12:45 - 5

F. Apperson

Shellaced books that had been marked. Checked copies of ~~to~~ Acts pertaining to U.T. (1931-1935) with texts, before sending to Miss Walsh. Typed card from printed one among those ready to be filed. Checked mail. Wrote Supt. of Documents for some price lists. Began mending Harper's on Torts. Mr. Broome used library and took out book for Judge Hicks. Listened to some of inside work of Law College, from Miss Ogden + Mrs. Morris. Read some in "How to find the law."

8 - 9:45

E. L. Ogden

12:45 - 5

Shifted. Mrs. Morris says there is some talk of having walls of the building painted before "homecoming" - nothing definite and may not be till last minute. Miss Baker phoned that Treasurer has notified her that fee July 1 to Dec. 31 has been paid by RR Kramer and that H.A Tapp has paid fee for the use of the Library by Judge A.C. Grimm. That the Treasurer agrees that this is to be in Tapp's name, not Grimm's - so phoned Mr. Privette to bring authorization signed by Mr. Tapp when he comes again.

7 - 9:30

F. Apperson

Made card for Mr. Tapp. Almost finished mending Harper on Torts. No readers. Began looking through charges to see if any overdue.

12:45 - 5
7 - 9:30

E. L. Ogden

Miss Baker came – and as she was leaving remarked any vols for binding must be in tomorrow morning. Miss Walsh was typing the list now. She seemed to think our vols were already at Main Lib. I reminded her she had told me to send only those the National Lib. Bindery had bound exclusively. Showed her that would be 9 vols. + how about the other 50 ones? Then she said pick out all the important ones that N.L.B. had bound sometimes + M+B. sometimes. She took the record cards for Miss Walsh to type, while I have the instruction slips to attach to the vols. Hope there isn't any difficulty. Campus mail. Spoke to her about squeaky chairs. She said it was only because they were abused by tilting, that they would break down sometime – nothing to do ~~except~~ unless Mr. Kirkman would be able to attend to it. She is still considering the possibility of having leather vols. vased as is done in N.C. by N.Y.A. help – when + if available. I called attention to the state of most sets of court reports not warranting anything but rebinding. English Repts. might be worth while but not much else. At night finished packing binding.

Saturday, July 24 [sic], 1938

9:15 - 11:45

E. L. Ogden

Explained binding routine to F. A. + did a little shifting. Phoned from home to Miss Walsh that 49 Yale L. Rev. + 25 Ky were to be omitted from binding list as they will be needed here this term and Chicago Kent L. Rev. + N.J. state bar ass'n q. substituted, 1 v. each same price as the two omitted.

8 - 12:30

F. Apperson

Saturday cleaning. Checked mail, advance reports, etc. Read some in new issue of Tennessee Libraries. Asked Miss Ogden's explanation of cumulative index to General digest.

Monday, July 25, 1938

8 - 1:00

F. Apperson

Checked mail. Brought July statistics up-to-date. Mr. Taylor called to see if overnight book could sent in by him, whenever he had chance, as he was ill with cold. As Dean Witham returned copy he had out (Elliott-Municipal corporations) this a.m., I said "yes." Mr. Taylor soon sent it in. Mr. Privette + Mr. Tapp used library, and brought letter of authorization for Mr. Privette's signature. Mr. Morrell and another man (with him - tall and slender, youngish) [E. L. O. insert] Mr. Meek, U.T. Law School Grad used library. Mr. Wolfe + Mr. Wicker came to see about magazines Mr. Wolfe wants to use on thesis + had already gone to Main for binding. I called to see if he could use them down there, but already packed. Mr. Hess wanted to know where to send copy he had out of Ky Law Jour., + I said to Main - probably too late for binding tho'. He said he'd call Main.

12:45 - 5

E. L. Ogden

7 - 9:30

B. Foster used Lib. for T.G. McConnell (member). Finished shifting in alcove + began in N.E. stacks, transferring encyclopedias on N. wall to top of ref. stack in NW stack room. Picked out vols in R.T to go to O.T. to make room for books ordered or to be ordered. No readers at night.

Tuesday, July 26, 1938

12:45 - 5

E. L. Ogden

Mostly shifted. B. Foster (for T.G. McConnell, member) + H. Broome, for Judge Hicks used Lib. also 2 students.

7 - 9:30

F. Apperson

Began pasting articles about Cardozo on sheets, to be sewed in binder. Not sure of success, so waiting for Miss Ogden's approval before doing larger ones. Filed L.C. cards for Main. Began "testing chairs" (Taylor method) but student came in, so got only 1 table group tested + 1 chair labeled. Will tell Mr. McClure not to change chairs about to-morrow.

Wednesday, July 27, 1938

8 - 12:45

E. L. Ogden

Mr. (Dr.?) Walp, of U.T. Fac. came to look at what we have on constitutional law. He really was waiting to see Judge Jones as a course in Const'l law is to be instituted in the academic dept. of the univ. The class is now studying other phases of state government because they lack the const'l law background. He said he would send students to use some articles in periodicals + other material + be here again himself. Questioned as to way in which students would use books, he said to be used here, not taken out. Mr. Combs, again. Banker paid fine + got his book renewed "Has been busy night + day." Sent Miss Baker a note about 56 N.W. So. which Harvey Broome found to be defective when he started to borrow it. Campus mail. Attacked accumulation in my basket with little visible result. Shifted Fed. Rpts.

12:45 - 5

F. Apperson

Began testing chairs, a la Taylor, but afraid I must have labeled too many at first. Finished all except row of tables between Amer. dig. shelf and R.R. 2 (3 tables next to windows). Checked and shelved advance reports and other mail. Student from Mr. Walp's class came for material (on divorce) dealing with subj. in Tenn. Gave him Tenn. Code, Michie's digest + now legal period. index. Called Mr. Kinett about overdue book + he'll return tonight or tomorrow.

7 - 9:30

E. L. Ogden

Mr. Headman (for P. Powers) used Libr. also a student to see Tennessee laws (any law!). Preston Taylor asked if he could take books out between summer + fall terms. I said yes, not regularly done but allowed in individual cases. Worked on Law Lib Routine description.

Thursday, July 28, 1938

8 - 9:45

E. L. Ogden

Shelved in Balcony books taken from R.T.

8 - 12:45

F. Apperson

Checked mail. Read little in Wambaugh's Study of cases (part of what Miss Ogden suggested). Finally persuaded Mr. McClure to help test chairs, so he tested and I labeled what I had not finished. Changed location marks of books on truck from R.T. to O.T. inventory; changed and refiled Official list cards for them. Mr. Headman used library.

12:45 - 5

E. L. Ogden

Mr. Jack Doughty and a man from Washington asked about Libr. membership. Dean was not in his office so ~~asked~~ told him about fee. He said he would send check to U.T. Treasurer immediately + asked if they might use Lib - which they did. It was then I found out his name + asked if he hadn't used Lib. before. He said yes, when he was Ass't Atty Gen'l. I have an impression that he kept on trying to when he no longer had the right. Gave him a copy of the rules + said we would have to have certification from Treas. that it had been paid. Phoned to Miss Walsh a message to Miss Baker that we had 29 squeaky chairs + should I say anything to Mr. Kirkman. Mr. Combs in Lib. Campus mail. Did more work on Law Lib. routine.

7 - 9:30

F. Apperson

Checked and shelved books and advance reports from mail. Added access. nos. + vols. to shelf-cards + filed cards. Made note of review of "The Law and Mr. Smith," from A.B.A. jour.

8 - 1:00

F. Apperson

Checked mail. Read legal periodical and began reading Tenn. constitution. Checked and inserted Prentice-Hall Trust service pamphlets.

12:45 - 5

E. L. Ogden

Two more of Dr. Walp's class came. Their wants seem not to be well defined but they found "something." Ernest Taylor of Morristown, a 1936 Law College grad. brought a friend to show around + see what we have that is new. B. Foster (for T.G. McConnell, member) used Lib. Miss Baker phoned that Tenn. Chapter nos. of the laws in our paper-bound are the same as in the corresponding vol of Statutes at Large but I think page nos. differ unless they have changed their ways. Asked what he thinks of keeping pocket supplements after new ones come. He says it isn't necessary with U.S.C.A. but for other things, would depend on whether they include statutory changes. Mr. Fisher for T. G. McConnell (memb.) + Chas. McNabb for R.R. Kramer (memb.). Clock has broken down permanently we fear, from old age? It might be a good plan to remove it if it can't be repaired. Mr. McClure reported it to Miss Baker who referred him to Dean Witham, who told her again that nothing had been done about chairs. She suggested (again) that he try using screw driver and he says he will do so Monday. Mr. Witham says there are no funds to repair clock. It probably is worn out. Worked on Law Library routine, going over all cards and copying a few.

Mrs. Morris bestowed a box of clips from Dean's Office. Went to Main Library at Mrs. Morris' request to try to hurry Moore on Federal Practice v. 1, 2 and Edmnds Federal Procedure, especially the former. As Mr. Wicker and the Dean have to thoroughly absorb these before going to meeting in Oct. of Am. Law Inst. in Oct. They are getting impatient. Miss Baker + Bergen said these vols. had been in Mr. Wells' room since Saturday waiting for campus mail. (Mr. Perrin is absent.) Mr. McClure continued mopping floors. Later, Mr. Kirkman brought clock which he is putting temporarily in old location but which he thinks will go better over switch board. As he can't complete instalation [sic] for several days he will wait until Miss Ogden can decide the question. The old location is better for persons at desk who will have to get up to see time is it over switch board. Mr. Oliver again with permission, see note +c working with Mr. Wicker. Mr. Meares. Mrs. Belsheim, who is hunting for an apt. spent most of the afternoon, at the phone in Library.

Said they have a new system for part time workers requiring them to hone every day at 9 AM + report when they will be available. Then if they are wanted, TVA calls up. Said if he isn't here could we take message + tell him when he comes. I said same thing was arranged for Mr. Banker, so presumed it would be all right for him but to speak to Dean's office about it – OK as far as I am concerned. Asked Mr. Belsheim about new ed. of Collier \$85⁰⁰. He said not advisable to get a new expensive work now. A new law was passed this summer(?) which makes all our vols. on bankruptcy out of date. Mr. B. borrowed the U.S.C.A. pam. containing the new law and will keep Gilbert's Collier until needed by some one else. Continued to work on book advts.

Lots of students – counted 31 readers at the most congested moment + had to ask Bradley to change to a less squeaky chair. Spoke to Pearman + Higdon about talking. They both stood at window + I suppose they thought they couldn't be heard. I said I wanted my remarks to last for all year. Pearman came to desk afterward + said he did not mean to be disturbing but his voice just sounded always – I said I did not mind much if he did not keep it up + suggested conf. room. Said we would have to be extra careful now because of numbers. A TVA man used Lib. Campus mail.

7 - 9:30

H. H. Turner

Mr. Warner says Judge Jones has a cop. of Underhill Landlord + tenant. Miss Baker phoned that Miss Turner had just brought a note from Dean Witham that he did not think the Lib must be kept open on Sat. afternoons when there is a foot ball game in Knoxville. I said I thought it was too short notice to close tomorrow - + how about keeping it open + seeing what demand there is.

7 - 9:30

E. L. Ogden

Mr. McClure says next week students lounge will be replastered, painted, have some new furniture and at same time Lib. chairs will be attended to. About half a doz students - very quiet + studious.

E. L. Ogden

Owing to misunderstanding nobody here 8 - 9 + Mrs. Morris presided. Had a note from Miss Goering asking whether certain books on the U.S. Supreme court could be put in Main Lib. reserve room for Mr. Greene. I put the note on Dean Witham's desk to ask if he agreed. They are not much used here though perhaps they ought to be. C.R. McLain brought note from J.H. Doughty authorizing him to get books in his name. Room crowded. Several student went to lawyers' table without asking. Told them this should not be done without permission. Will have to watch carefully + insist on their asking - liable to happen when room is crowded. See entry for yesterday P.M. regarding Saturdays in future. Campus mail. Did a little more on information for Tuesdays meeting but room needed too much attention for me to do much. Made up book statistics + counted cash for Sep. Sent overdue notice to T.G. McConnell.

The same business law student who was here before. Large crowd until 11. Was called upon for numerous causes so didn't try to work. Had to help Mr. McLean hunt up an obscure citation. Had to call down a boy for talking to Miss Porter, + 2 student for using Lawyers' table.

12:45 - 5:30

E. L. Ogden

C. McNabb (for RR Kramer, member) used Libr. He called attention to change in section nos of "Master + Servant" 3d + 4th Dec. The 4th has put new sections under Workmen's compensation and included matter that was under Master+servant in the 3^d Dec. We could find no parallel table of key nos. for a guide. Counted 33 readers at about the peak. Had a hunt for 4 Geo 2 ch 28 1730 - finally found in Bacon's Abridgment - the earliest ed we have. E.E. Fisher came about his fine. He asked to "compromise" the Aug. fine as he was going to pay himself - so I cut out charge for Sunday + told him it was the last time! Brehur + Preston Taylor wanted to keep a case book on shelf in Lib. Off. where both could use it. I said no, - but offered (under protest) to let them keep it on Miss Heiskell's desk instead. Campus mail brought books for outside reading selected by HHT.

HHT. kindly changed periods with me so I could attend a fac. meeting this P.M. on book purchase for the coming year. Mr. Wicker asked for circulars on desirable new books for rev. in Tenn. Law Rev. Said Life of Blackstone + Life of Chief Justice Waite were now in hands of reviewers. Counted 41 in RR + it was so full, gave K. Smith a key to Conf. Room, then let Anderson + Bauker use lawyers' table to discuss a case. Asked Mr. Wicker for 1936 ed of Uniform system of citations. He said he'd order some + give Lib. one. In mean time lent one for use in RR. Dean Witham spoke again about Sat P.M. closing, so I phoned Miss Baker attendance last Sat. She suggested close at 12:45. I asked about making up time + she said use what we neded for overlapping here + for the rest, release one of use for duty at U.T. Lib at times to be arranged. Mr. Laurent phoned to ask if we have Brown, Personal prop. + Schouler pers. prop. Said yes - but at present not for circulation. He will come here to use them.

12:45 - 5:30

H. H. Turner

7 - 9:30

Miss Bergen told me Sunday that Miss Baker had stated that Law Libr. would probably close afternoons during foot ball season, + she wished to state that she could use all my overlapping time available, and that I could take it in sections if desired (on acct of eye strain). That help would be very welcome. Mr. Laurent (T.V.A.) + Mr. Robertson (Morristown lawyer) used Libr. Campus mail. Put up notice upstairs about Libr. closing for foot ball games. Collated vol. rec'd. Mr. McNabb for Mr. Kramer (memb.) used Libr. At night room almost full.

Yesterday attended faculty meeting on purchase of books. Besides books chosen for purchase discussion covered Ill. appeals, Mo. appeals, and E. L. O. Reported not finding prices on sets of Law quarterly reports review sets 1-51 except one for \$400.00 – too costly at present. Dean Witham said the fund for books after continuations are paid for is something less than \$1000.00. Decided not to buy Interstate Commerce Com'n Opinions offered by Henry Hudson. Vols. in Lib. to date are checked in Interstate Com. Com. Price list, Supt Docs and at prices listed there to complete our set to Jan 1937 would cost \$300.00. Bought of Judge Jones full set, bound, of Constitutional Review – the last full set Geo. Wash. Law Rev. could assemble after it took over the "Constitutional." Judge Jones says this is the most valuable collection of material pub. anywhere on constitution law – all phases. Mr. Goodman (member) used Lib. Also two others recognized as members but not sure of names. (Mr. Blackard says Dist Atty from Erwin.) Irvin Saxton (fac. lecturer) came to look at Current legal thought. Books bought of Fac. (exc. Restitution Restatement, from Belsheim) sent Main Library. Collated them first.

7 - 9:30

Mr. Thomason (member), John Baugh (for Donaldson member) and one of the Young twins (for father, member), also R. Kennerly (Ass't Atty gen. Tenn.) used Libr. Mr. Belsheim asked to have \$4.00 book on bankruptcy bought as soon as possible. He had thought he could wait until the new law comes out officially but finds his work hampered until he can get a statement showing the new law + the old, side by side. He chose the one pub. by Bender + keyed to Collier. I ~~took~~ left his recommendation for Dean Witham's OK + Mrs. M. says Dean ordered it on his own account to get it quicker. In the mean time I had sent a note to order dept asking them to keep a cop. if Bender should send one on approval or as sup. to the Collier that we have. Campus mail.

7 - 9:30 - Got most of new cards filed. Mr. McClure said he got workmen in building to fix the lock on the washroom door. About 10 - (?) very quiet so did not notice them much.

Sat. Oct. 8 1938

8 - 12:45

E. L. Ogden

First Sat. to close at 12:45 for ball game. Mr. Thomason used Lib. Omitted dusting period. shelves but washed up desk. It is going to be hard to find time to do "chore" work around the room without disturbing people or neglecting serving people - now that attendance is so large. A U.T. student wanted to find length of terms of office of county officers of Tenn. Found nothing listed + showed him how much work it would be to look it up for individual counties. Checked up prices for vols ret'd from bindery. Learned that Main has a copy on approval of the new bankruptcy keyed to Collier + Mr. Belsheim will look at it then + see if that is what he wants.

Monday, Oct. 10. 1938

8 - 1

H. H. Turner

Main Library phoned that Miss Bergen would end Collier (new bankruptcy keyed to) to Mr. Belsheim or as soon as possible without waiting to catalog it. Found Campus mail and collated and added to accessions. Dusted current period. shelves when there was a lull, at noon. Mr. Doughty (J.H.), memb. used Libr.

12:45 - 5:30

E. L. Ogden

Two men from Mr. Bibb's office (forgot to ask for a written authorization) used Lib. + may come back for additional material. Can a widow collect damages for libel of her dead husband which operates against her husband and can a libeller be held responsible for the death of a man he slandered if the slander caused the shock that brought on his death. They may want something on husband + wife. They used Newell on libel + slander. Room pretty full but did not pay much attention to it as I was trying to answer the Miss. law librarian's letter about cataloging + couldn't seem to make a good job of it. Started Mr. Belsheim's cop of Restatement of restitution to Main Lib. to be purchased for Law.

7 - 9:30

H. H. Turner

Mr. Doughty (memb.) and Mr. Snapp for Mr. Chas. Seymour (memb.) used Library. Worked on slips for Selected Essays on Constitutional law. Very few in Library.

As Mr. Wicker is ill, there was an unusually large number of students in Library, all 3 classes at one time, and much supervision necessary. Is there any way of keeping books from disappearing? Harper on Torts cop. 2 has again vanished. No card this time. Later it was found, also T.D. Rest. Torts on shelves sec. 6, so we shall have to watch that spot. There is also a tendency to leave vols. from Sec. 5 on tables instead of returning to desk. Mr. Belsheim came to ask if Collier had come for him. Promised to take it to him the instant it arrives. Mr. Frazier, (Law grad.) used Libr. with Dean's consent.

12:45 - 5:30

E. L. Ogden

Mr. Frazier again also Mr. Laurent (TVA) and a very nice young man from Chatta. who graduated from Law College, Mich. Univ. last June + is here to be admitted to Tenn. Sup. Ct. practice - that is to be introduced, he has his license. He looked all around and asked questions + praised up all he saw + told a good deal about the Mich. Lib. too. The Bender-Collier Supplement on bankruptcy came from Lib for Mr. Belsheim who said he would bring it back soon for the students to use. He also left the U.S.C.A. pam. giving the Chandler Act for students to use in the meantime. Campus mail.

Separate statement filed in folder as to use of Lib. This P.M. decided to keep the 2^d cop of Bender - Collier bankruptcy sup. 12:45 - 5:30

E. L. Ogden

Men putting window cords + putty in west windows. Miss Baker phoned to ask about Michie's Code Sup. and about periodicals for which subscriptions were to be paid to Tenn. Law Rev. I got last year's list from Mrs. Morris, checked it with prices given in Index to Legal periodicals + then checked these with recent current nos. as far as these are available. Didn't look for others in bound vols as covers had been stripped. Also checked with current serial check cards to see that nos ordered corresponded with issues for July to June (fiscal year). Miss Baker said no Lib. cop. of Michie's was to be sent to get discount on the 1938 Code. (Had a letter from Chic. Law Institute asking about Michie and its "outrageous" price.) I made suggestion to Mr. Warner that his cop. (only he and Mr. Wicker have "unac." cops) should go back + he take one of the Lib. cops. He said his was in better condition + asked Dean about it. Dean will write to Michie + Miss Baker. Campus mail.

Answered letter (Mrs. Morris typed it) of Lib'n Chic Law Inst. about price of Michies 1938 Code. Campus mail. Had a note from F. Apperson that Hill's Geo. Mason wanted by Dean Witham last summer was unavailable. Mrs. Morris says he is still interested so I asked F.A. to send it over. Miss Baker phoned to say she found a scrap of paper on her desk that Law Lib. had a cop. of City charter. Didn't know how the note came there but would we send it for cataloging. Sent both 1931 + 1938 Charters. Wrote Miss Walsh to send (1) 10 or 15 post cards (2) manila envelopes for campus mail (3) some slips.

Wednesday, Oct. 19, 1938

8 - 12:45

E. L. Ogden

Saw Dean Witham about rearrangement of pictures and keeping Libr. open during meeting of Law Institute. Said regular hours except for perhaps Fri. night. I said if he was doubtful we could just keep open then too. He evidently preferred that although he said he did not really expect visitors. He said hang Marshall's picture in the hall outside of Library so that it would be conspicuous when coming up the stairs. Put up most of the labels prepared by HHT for periodicals - spent considerable time rubbing up the celluloid label covers with bon-ami which improved the general appearance a great deal but was perhaps time wasted. Haven't cleaned Marshall's picture yet. Mr. McClure said he would wipe off wall over Digests before we hang Magna Charta + Declaration of Independence there as approved by Dean. Mr. Baugh (for Donaldson, member) used Lib. with a stenog. Campus mail.

12:45 - 5:30

H. H. Turner

Made shelf labels. Collated vols. sent by Campus mail. I haven't been asked, but I agree with the Dean about keeping Libr. open as usual, as there will be a chance of visitors dropping in, tho Mrs. Morris is sure no one will come at all. Helped Mr. Bradley hunt up a case, found in Am. Dec. Mr. Morrell (memb.) used Libr. Worked on slips for S. Essays. Crowded after Moot Ct.

L. O. in charge and 8 - 12 on Saturday. Posted notices accordingly. F. Headman used Lib (for J.P. Powers, member.) Campus mail brought post cards, slips and envelopes for campus notes. Miss Baker phoned about Michie's Code. Said she would prefer to discard cop. 2 to get the discount. I compared cops 1 + 2 to see which was the worst. Cop 2 a little better than cop. 1 but not much. Phoned Miss Baker cop. 2 all right to send. She said keep here until we hear from her. E.E. Fisher came to ask if we accepted gifts of old books. I said yes if there was no objection to our disposing of them if we found we did not want them. He said he had about 15 or 20 + brought some later. The rest were different eds or additional vols. Of works already in Lib. And all pretty sound binding, though old. Continued straightening up odd corners. Put Current digest on N shelves of NE stack to release the truck for duty. A U.T. student who was here last night looking for material on taxation to be finished by Monday came again to read period. articles + I lent him a dup. of Apr. 1938 Tax mag., due Tuesday next. Started to mend but found glue had to be soaked out before it could be used. Did a few dabs of straightening up. Mr. McClure doesn't "see how I am to get through all I am expected to do." Dean came in + approved pictures esp. Marshall in the hall, looked at dirt + wall + said nothing we can do about it. [arrow to statement by Mr. McClure:] P.S. He never does do all he should in Libr. – Neglects the lavatory shamefully!

Johnson, jr.), to Roscoe Woud (for S.F. Dye) and to W.C. Wilson who works for Fowler + Fowler. Talked to McClure + Dean Witham and Miss Baker about having tables now stored in basement for use in Law Lib. They measure 8 ft by 3 ½ (about). Our Tables are 7 ½ x 3 – about same color. Couldn't examine closely as one is piled on the other. Dean says ought to be re finished. They will need to have castors taken off. Do not know how steady they are. ~~Dean said~~ I told Dean I had not spoken to Miss Baker but hoped we could have tables brought up now and use them till Xmas holidays + have things done to them then if necessary. Miss Baker said all right to use them if Law College would send Treasurer its inventory card for them with a transfer card to Library. + if Law Col. wanted them back, they could be transferred again. That Lib. could pay for no work on them. It would be up to Mr. Kirkman. I said we have enough chairs – too many now for tables. Haven't told Dean yet. Notified Miss Baker to mark Cates "deceased" in her list of Lib. users.

Mr. Broome, for Judge Hicks, to borrow Agency restatement. Will return as soon as Judge has finished. Of course no special haste needed now while subject isn't being taught + we have 2 cops. but it is just as well to limit all restatements to special permission when lent. Mr. Broome remarked that he has growing respect for Tenn. courts that Dean McDermott used to give the impression that ~~they~~ their decisions were poor but Mr. B. says they usually arrive at the right result. Asked Mrs. Morris whether the typed cop. of acts relating to the U.T. was available for use in case Mr. Fowler's representative wanted to use it. Studied Law Lib Journal discussions on handling briefs + looked again for cost of cataloging law books - made notes on first - no data on last. Asked Mr. Wicker how briefs were used. He said he had used them a good deal in practice + only record he would want would be a note written at head of report of case ~~where~~ in the vol. of reports to show the Lib had a brief of that case. Did not think alphabetical list by title of cases of much use. Discussion in L.L.J. confirmed his opinion that connection with citation of report of case was the important thing.

8 - 12:45

E. L. Ogden

Dean Witham, returning Law Lib. Jour. no. asked if anything could be done in the way of organizing "Friends of the Library." I said, the matter had been in the back of my mind for some time but I would bring it to the front. I said I had thought a message to reach alumni in Knoxville and our lawyer members might bring in gifts we could use or discard as we saw fit. He said a student aid was being asked for to help in typing + other work and if I would I compose a letter that might be used to solicit such gifts; the Tenn. Law Rev. and Alumnus were suggested as ways of reaching those interested. Dean says we could tell them that the gifts could be sent for if the Lib. notified they were ready. He thinks it worth while keeping briefs when they come our way, and agrees with Mr. Wicker that a note at head of printed report of case is the useful way to get track of them. Will have to ask Miss Baker's permission to mark the books - perhaps better to have a rubber stamp reading "Brief:" (Lib has) and after the colon write in its place in file. I see we shall have to have a file of briefs as we have of periodicals. Miss Walsh phoned for Law Lib. J. containing cost of cataloging within past year. Told Miss W about our search + lack of success. Said we'd look in 1936. Mr. Burnett of Cates Smith + Long wanted whole file of Uniform state law commission from 1928 back, as well as more recent ones. I asked if his office had Amer bar Ass'n Rpts - in which earlier ones were pub. Our set beginning 1925. So he copied citations to Amer. bar Ass'n reports were pub. prior to that + will see whether they have the vols. at the office. If not will come + get ours. Asked him about 1938 Martindale + he said they kept several years back, but would be willing to give us 1938. He came back on purpose to bring them + said Mr. Long said there was some legal liability in disposing of them + "if they changed their minds might want them back." So am putting them on shelves with Law Lib. stamp only - not sending to Main Lib. for catalog + accession, until we can be sure.

Dean concluded his letter by saying send any others Mr. Fowler wanted to dispose of. I asked Dean how he would send for books offered Lib + he said he would ask that Mr. Perrin go for him. A representative of Fed. Bur. Investigation working in Kennerly's office asked by phone what directories we had about 1926 or a few years earlier + came a little later + used them in balcony. I dusted off (slightly) the other ones he wanted. Wasn't a satisfactory place to work! He spoke of Lunsford, Mann + Bryant former students here, working with him. John O Morrell (member) + Dr. Edwards, Park ranger, U.S. Nat. Park service used Lib. to look up stock laws of Sevier Co.; J. Armistead (for Egerton +c members) used Lib. Sent Main Lib. N.B. Asked Dean's consent to offer Katz + Graham Accounting in law practice and Amer. law institute Business of U.S. Sup. Ct. (given by S.F. Fowler) to keep or disposed of as desired. Examined case books given by Fowler + made record of ABA Jour. dups for exchange. At night continued search for reports of cases for which bound + printed briefs had been given some time back. This time examined lists of memorandum cases. Nothing found.

Went down + talked to Dean about (1) What could be done about 12 Amer. Jurisprudence, missing for several weeks after search through Lib to see if misplaced (looked 3 times for black + dark green book on all shelves down stairs and once in Balcony) and asked all faculty + posted notice on Dean's Bul. bd. - discussed possibility of other users + he said he might ask Mr. Walp about his students. (2) Could anything be done to relieve congestion on certain sets when all first year prepare for legal bib. class, leaving preparation (most of them) for Fri afternoon + night? I asked if we could limit use to, say, 4 students at a time. He thought not. I said nobody else could get at Amer. dig. (for instance) while this goes on and by Fall we might consider whether cop. 2 should be brought up to date + kept these. Asked about present funds, he said all spent, but might watch for prices on 2d hand sets of 4th Dec. (3) Gave him draft of a letter asking if it was the sort of thing he had in mind to send to our bar members inviting them to give us refusal of any books they discard. Miss Baker phoned to get data on Shepard's Fed. Citations vol rec'd last summer. Mistake made in bills + this ~~one~~ vol marked \$15.00 which was paid thinking it a sup. while a new bill now comes for \$50.00 for this vol. Only way of getting discount to return certain pages (she did not specify) which have probably been thrown away. She will come to look at the vols some time when I am here.

Mr. Dye used Lib. for Mr. Roscoe Word – said letter of authorization was in the mail. Phoned Mr. Steinmetz to ask if Saturday's assignment was in Amer. dig. again. He said yes. I explained congested condition of last Friday, Sat. + asked if he would mind getting Mrs. Morris to post a notice asking students to attend to the assignment early in the week so as to avoid confusion. He he'd be glad to! Dean Witham told me yesterday that next year only 1 semester of legal bib. will be given for 1st yr. + the rest will be given to seniors in connection with legal research. I think that will be much better. Students restless in afternoon. About a dozen in evening – some talking, but scattered enough not to interfere with each other much. Took HHT's place to night as she will take mine Friday so I can go to librarian's dinner.

Mended. Miss Baker phoned about the Ass'n Law Lib. questionnaire + how she got figures. Will note details on copy of the reply when it comes back. She puts average attendance at 94 (= no of students) which I think high, but if we disregarded no of individuals + counted them over again every time they come in I can't even guess at the number. I do not believe every student is in the Lib. every day – + other uses – fac., U.T. students, +e lawyers +c. – do not count up very high.

She looked at the vols. of Amer + Engl. railroad cases, dups, the Dean has been using as shelf fillers + wants to dispose of now - to extent of 2 shelves full + says she will write Railway economics bureau, Wash. + see if they can suggest. He said he was very reluctant to have that done unless there was grounds for some definite suspicion – in the case there isn't. Began making list of Tenn. Law Rev. wanted in 2 weeks, so speed is important. Phoned this to Miss Baker who said it would be better to lend through regular channels (Chatta. Pub. Lib.) but in view of time limit, would do this time (to send directly). Mr. Wicker said Tenn. Law Rev. would pay carriage. Told Mr. Wicker + asked to state to Mr. Coffey that this was irregular way of lending – + say what regular way is. Mrs. M. gave me Bender's Ky statute service cumulative, Apr. 1939 - said she was going to ask Main Lib. to pay for it to Tenn. Law Rev. I sent it to Mrs. Mooers for her to see. The pub. seems to have sent 2 cops of some of these pams. ~~some~~ one to Law Rev. + one to Lib. and there has been confusion in payment of accounts. I sent also a pocket sup. to "Patent + copyright cases" which has been on my desk for some time, not sure where it came from. Stripped + collated a vol of Scottish law review for binding. Dean busy so asked Mrs. Morris to tell what the business was + notify us. Dean phoned he would see Mr. Rader who came back after a little with a note from Dean to permit Mr. Rader to use Lib. until the matter of transfer of Mr. Lee's contract was effected. He asked Mr. R. to ask firm to see to this soon. Robert Young then came in and I went back to Dean to inquire about his + Warren Kennerly's status, reminding him that City law director hadn't been included in the group officially entitled to use Lib - so W.K. was using it on strength of Dean Witham's special permission I also asked about general sessions court judge. He saw no reason why these + Knoxville city Director of law shouldn't be added. Will look up list again + notify Miss Baker. Robert Young said he would get letter from Mr. Kennerly. Campus mail. He said type writer would be "all torn up" if left where other students could get it - that was the state of the one in law review room. I said the Conf. room was kept locked + we could tell those who went in not to use it when they asked for the key. Or he could write out a notice + put it on the machine. This latter he did.

Did not note that a few days ago. Dean Witham said we had \$100. left for books, 85 of which would go for Collier on bankruptcy of pub. before July 1 + could I suggest anything important. I said the first thing would be to find out from faculty what would be needed for summer courses. Yesterday Mr. Blackard wanted an ~~eita~~ article in Amer. law register, 14, n.s. which we did not have listed. Looked up in periodical index + found the article cited as 50 Univ. Penna. L. Rev. Had not remembered that when title was changed the vols carried both titles and 2 vol nos. - "one new series" and the other not. Probably will forget it before I need the information again.

Sat. P.M. - mended. Mr. Brehm made some awkward clatter + two or three of the others tapped on tables, cleared throat +c. I rose and in loud distinct tones inquired - "I want to ask you, which is worse, an accidental noise, not intentional, or a noise made on purpose to attract attention and make a disturbance." Dead silence followed and a remarkable quiet prevailed the rest of the P.M. If things go on like this, I shall become the typical school ma'am. I am on the road to it!

Gave Dean Witham revised copy of letter to "Friends of Library" and list of addresses, excluding ex-officio users of Lib. and fee basis users, as the latter may want gifts to substitute for fees. Told Dean about the recent use of Lib. by Headman + two others recently and he said he did not think we could inquire into nature of work in such cases. When a person entitled to use of ~~others~~ library brings others and works with them we will just have to let it go, and assume it is legitimate use. Spoke to him also about Freeman using his typewriter in conference room + pointed out need of provision for use of personal typewriters if ever we have a new building. He asked if use of typewriter in Conference Room is disturbing. I said it is audible but not disturbing, I thought. He said he had noticed the sound of typing when in the Lib. the other + supposed it disturbed others less than it did himself. I talked to Mr. Freeman about it + told him use of room for others studying together would have to take precedence over his use for typing whenever we have a call for it - also mentioned Dean's remark + told him to be prepared for interruptions in his use of room. That when I first gave permission I had not anticipated permanent + steady use. Mr. Wicker asked suggestions for including "Proceedings" on t.p. of Tenn L.R. v. 15. Spent most of morning planning changes in t.p. used for v. 14. West pub. Co. man used Lib.

Mr. Carr (2d yr. stu.) asked about a bill introduced into Tenn. legislature 1939 sess. to have a law student-librarian provided at “Tenn State law Lib at Knoxville,” County Court house. Dean Witham said this bill was written by Mr. Steinmetz and he isn’t sure what became of it but he thinks it just died. Deans says if (or when) a new building is provided to house both appellate courts and law college, these libraries will be united. Tell Mr. Carr about the bill – needn’t mention the new building to him. It is the first I have heard of either. Campus mail brought the last 3 vols of the KBLA collections that had not been cat’d. Looked over the vols of Nat’l Law Lib. Showed them to Mr. Belsheim. He looked at them, made no comment, appeared entirely uninterested. Mr. Warner said they certainly were well done but hinted he wasn’t quite sure what class of readers would read them. I took a 2d hand list of “Central” book dealers, N.Y. (2d hand) noting Underhill, Landlord +c @ \$2.00 a vol. to Mr. Warner + showed him in same list – Tiffany Landlord +c. 1910 2 v. He approved buying the latter (\$15.00, new) + Dean said he would ask to have it ordered. Also asked me about price of Ill App. 1 - 283 (up to NE).; I found one listed by Boyle (Okla) for \$300.00 – “new buckram binding.” Had suggested this set be bought if possible, starting with any surplus in this year’s budget + paying for the rest next year. Hope he can do it. Disposed of a few small matters in my basket.

Mr. Fox (Mrs. Morris says he is out-of-town lawyer) used Library. Spent morning going over letters to lawyer "friends of the Library, typed by the N.Y.A. worker - or workers. These were individually typed so that each had to be compared with original copy separately. Many of them had the same omissions and several others had been done with an old ribbon on typewriter + were too faint to use. Will hold all until the whole batch is ready to send out. Caught Dean Witham's attention for a moment as he was hurrying from class at 12 M. + he said throw away any that are wrong and have them done over. Miss Currell phoned that she wanted to bring some foreign pubs for me to look at some time. I suggested letting me know a day or so before hand so I could have dictionaries handy. Mr. Crowe came with Dodd's "Workmen's Comp." which was charged to Judge Jones, who gave it to Mr. Crowe same day. Mr. C. signed for it + left his office + home phone nos to call him if ever needed.

He said the situation is that to morrow is a holiday for all U.T. seniors including law; but seniors are scattered through law classes so generally that leaving seniors out of some of them makes it not worth while to hold classes for the others + he did not know whether the others would hold them or not. Judge Jones students says he would not; Mr. Warner + Mr. Blackard said "hold if it rains." Dean's instructions to Libr, issue books in usual way on theory that classes will be held. Spent most of P.M. checking lists from Boston Univ. law school wants" + "dups for exchange." Called to phone - some one asked for a student and I turned to look just in time to see a book flung from 1st table middle row across room to end of 1st table -West row. Couldn't stop to remonstrate so just said "Would see Dean about this." + went back to phone. Didn't want to disturb room so asked no questions then + the student pitcher left room when I was at phone again. So asked Mr. Meares "catcher" who said it was his book - not ~~the~~ a Lib. book + the student I named to him wasn't the one! Did not manage that job well!

An old gentleman, Mr. Mosier, said N.B. Morrell had sent him to find out from early Ala. or Miss laws whether land for a certain road, lying above a meridian between two counties was given by the counties, the states or the U.S. about 1818. He asked for Ala. + Miss Codes, which we hadn't for that date. He found some of what he wanted in Ala 1923 Code + U.S. Stat. at Large v. 3. Wanted next vol which we hadn't. Said he would come again. E.E. Fisher came for Frantz, McConnell, a U.T. student to get an account of the Harry K. Thaw trial which we could not find - only his mothers appeal to have him released + his extradition from N.H. He found a little of what he wanted in Roby. Miss Baker came to talk about schedules. She thought HHT + ELO were both due to put in 40 hrs a week. Showed her the schedule since Miss Heiskell's illness that said 37 for HHT and 33 ½ ELO. She says she has to report time to authorities and wants me to add hours here + HHT at Main to make up for closing here at night and shortened day light hours. She says authorities allow only commencement day deducted + that those who ave been out sick will have to lose pay for that time. She will have a WPA for cleaning books in July maybe. Campus mail. 12:45 - 5:30

E. L. Ogden

Yesterday Miss Baker asked if I knew when the Law Library was scrubbed last. I said about Christmas, as far as I know. That it can only be done on Sundays. She said in Albany + other places it is done all the time when the Library is open + should be done that way here. "Sweeping would not help, only scatter dust," she said. I said the little sweeping it gets, about 5 minutes before opening time isn't enough to hurt it any. That toilet seat is attended to and waste basket emptied but sink rarely scrubbed in wash room and almost nothing else done there. As for mopping in RR, it would be very inconvenient when the room is in use and besides there isn't any morning enough time to when he McClure is free to do it. Takes an hour + a half, he says. He goes off duty about 2:30(?) + comes on again at 5:30, when he has class rooms + fac. offices to attend to + constant calls during th day. We agreed that he isn't a good cleaner - doesn't know when things are clean, but he is obliging + a good "fixer" for electric lights, fans &c. I told her I had complained last year + all that was done was to raise his pay a little - that the care of this building is just too much for one man to attend to properly, especially when he got home late and had to get here early. Miss Baker asked also about the letters we sent inviting gifts of books from lawyers. I said no results as yet. She said the Ala. man (Alloway?) found those old Tenn. laws that he wanted \$100.00 for in Knoxville 2^d hand stores + it seemed as though we ought to be able to get track of old things. In this connection, said recent death of Mr. Spilman who had been in partnership with James Comfort suggested the idea of his papers having some of J. Comfort's papers when he was treasurer of the U.T. and asked about members of the family. I could not tell her much. She said recent inquiry for old papers produced a letter from Andrew Jackson in his own hand, written the Feb. before his death. She said look out for the Ala. man, he may come again. I wrote Miss Baker that Helen T. + I ~~would~~ ~~can~~ had rearranged our schedules to make 37 hrs per wk for her + 33 ½ for me June 1 - 13 exc. Commencement allowance. Would put in extra time as we can. I see Mr. Pettway (see 7 - 9:30 May 25) has forgotten that his Lib. fee was paid only to May 15 or else U.T. Treasurer's notice is on the way. Called up, but he is out of town + will be in tomorrow. I asked him to call up Lib. When he does, ask about fee and tell him if he wants Mr. Brewer to use Lib. for him, please send written authorization. If he says he will renew his fee, ask if he wants authorizations for Ross Stuart + Joe McClain to stand. Campus mail.

I found a note of it advertised to begin Feb. 13, 1890 + asked whom to inform in case a correction was needed. He said Sam Thornburgh's office - 3-6443. Mr. DeVault used Lib. Mrs. Morris gave me this distressing news that Mr. Steinmetz would give his exam. in Library to morrow. Remembering the disorder and mistreated vols – the scramble of the last exam held here with a class about half as big – was dismayed. The ten or twelve trying to work out problems in their pamphlets appealed for relief as it was. I called up Mr. Steinmetz and asked if he expected to use the cards + he said yes. Reminded him of conditions last time + asked if anything could be done about it – perhaps dividing class in sections would help. He said couldn't without consulting faculty as to rearrangement of schedule + all he could suggest was standing over them + forcibly compel order if necessary. He said he would tell them + ~~start it~~ be here to start them anyway. I said not just start – see it through. Later spoke to Dean Witham + he said perhaps Mr. S. could do it in relays, starting one group before the next began. I think that would help some. In the mean time I put all the tables of cases of Amer. digest spaced on longest tables – the General Dig. + its adv. sheets on another – Descriptive word index on another – Blue books on another. It will be necessary I think to have some one stand over them and point out the locations + see that things are not hopelessly mixed + roughly treated. We can leave the books as they are until after the exam to morrow.

Phoned Main to ask if Mr. Carr could be asked to come here this PM and be credited with Lib. time. Miss Goering said yes. So asked McClure to send him up when he came. Explained the need for help + he said he'd be here at 1:30. Asked him to stay till books were back on shelves in order. Spent most of A.M. ~~æ~~ from table to table trying to keep books on them in some sort of order + dragging chairs from under feet of those who sat on tables. (1938 never came to ELO). I presume "the circulars" he wanted to send out were advts of his book (A copy of which he gave the Library some time ago) as he asked on leaving what time of year the law libraries were most likely to purchase books. Mr. Young said we might keep the Adv. sheets v. 83 no. 5 U.S. law ed.) longer - he helped look over the U.S. Sup. Ct Reporter to find same data - used Dean's set - but did not find it. Class work just beginning. Only a few students so far. Mr. Venable showed a new student through Lib. In its "comments" it discussed a question of procedure on which authorities differed + this was wanted for use in court today. We had no reprint, no dup., and the abstract given in Commerce Clearing House Period. Dig. was insufficient for the purpose. Miss Baker phoned that she had asked Dean W. about registration + borrowing tables for summer + could we spare one table + six chairs - if so label them underneath with "stickers" or otherwise. 8 - 1 E. L. Ogden
Campus mail. Forgot to note one day last week (Fri. I think) T Rogan of Rogersville bar. Miss Baker came and discussed Miss Apperson's schedule + various things to be settled in relation to it. Will be ready with definite arrangements soon. She said Ill App rept's need not be collated as probably nothing can be done about it if they are found to be imperfect – presumably 2d hand set thought they look new. Binding for M+B to be sent by Friday but to Southern Bindery as M.+B. are giving up the business a+ have turned over all their patterns + instructions for U.T. Lib. Binding to the Southern. Worked on mending and binding. Miss Baker says N.Y.A. help cannot be had in summer and at other time only for permanent projects so she was not allowed any for cleaning but still hopes to get it in some other way.

7 - 9:30 H. H. Turner
Filed LC cds.

Tuesday, June 27. 1939

8 - 1 H. H. Turner
Collated vols. rec'd in Campus mail. Gen. Fowler (contr. basis) used Library.

Worked some more on binding. Campus mail – sent empty jar to Miss Cat dept for paste.

7 - 9:30 H. H. Turner
Collated + added to ac. lists vols. rec'd in Campus mail.

* Mr. Lauren conducts a 10-months extension course for the Univ. of Tenn. besides working for TVA. As Lib staff cannot well ask what he is doing each time we will simply regard him as U.T. – in future.

Wednesday, June 28, 1939
