**Final Calls for the
Centennial Edition of
The University of Tennessee
College of Law Alumni Directory Underway**

The telephone verification phase of our alumni directory project (during which each alum can make a final change to his or her listing) is almost complete. Representatives from the Bernard C. Harris Publishing Co., Inc., official publishers of our directory, have just a few more calls to make before the final proofreading process begins.

Since we are publishing only enough directories to cover prepublication orders placed at this time, please let Harris representatives know if you are interested when he/she calls. This will be your only opportunity to reserve a copy of The University of Tennessee College of Law Alumni Directory.

If for any reason you have not heard from our publisher by now, please contact the company directly at:

Please note that each alumnus/a has been offered only one specialty category for their listing because that was the procedure we used for the 1984 directory. It enables us to have a separate listing by specialty categories in the back of the book. If you would prefer that we have additional categories available for the individual listings, please let the alumni office know so that we can make appropriate arrangements the next time we publish a directory.

Thank you!
