WWE '13 sold 250,000 copies in it's first week of release, according to VGChartz.com. The number is lower than last years game, but it should be noted that many East Coast retailers were closed during this time due to the effects of Hurricane Sandy. WWE '13 came in at second place behind Assassin's Creed III, which sold 1.6 million copies. To date, it is reported that WWE '13 has sold 248,852 copies for the Playstation 3 console, and 240,556 copies for XBox 360. You can view the entire chart at [this link](#).

Grammatically incorrect. WWE 13 didn't sell as well as Dolph Ziggler

It would have sold more if Ziggler was on the cover

Wait...what? It sold 250,000 copies but later on in the article you say "248,852 copies for the Playstation 3 console, and 240,556 copies for Xbox 360." Thats close to 500,000

As Botchamania would say.... Huh?

It sold 250k the first week all in. Those separate PS3/XB360 numbers are overall, which is a couple of weeks.

I even forgot my copy existed on top of my shelf. Too focused on Halo 4 and A.C. 3.
