

2/16/12

Dear Judge Lane,  
my name is Cynthia Jenkins  
and I have worked for  
American Airlines for 35 years  
as a passenger service agent  
(non-union position) at the  
Philadelphia International Airport.

AA's bankruptcy will effect  
so many dedicated employees  
in many ways - jobs will be  
lost due to outsourcing / pensions  
lost / medical benefits terminated  
and pay / benefit cuts.

Please consider the passengers  
that travel on AA - their

Safety should not be compromised -

outsourcing mechanics is NOT a good idea - mechanics need to keep their jobs. I would love to keep my job / pension / pay / medical benefits but mostly the airline needs to be safe and keep the mechanics working at AA. The safety of the people is in your hands.

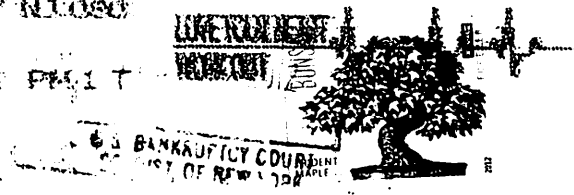

Thank you for your consideration.

Cynthia Jenkins
