JURISDICTION

5. This Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b). Venue is proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

RELIEF REQUESTED

6. Section 366(a) of the Bankruptcy Code prevents utility companies from discontinuing, altering or refusing service to a debtor during the first 20 days of a chapter 11 case. However, if a debtor has not furnished adequate assurance of payment 30 days from the commencement of the case, a utility company has the option of terminating its services pursuant to section 366(c)(2) of the Bankruptcy Code.

7. By this motion (the "Motion"), the Debtor requests, pursuant to sections 105(a) and 366 of the Bankruptcy Code, entry of an interim order (the "Interim Order") (i) determining that the Utility Companies (as defined below) have been provided with adequate assurance of payment within the meaning of section 366 of the Bankruptcy Code pending the entry of the final order granting the relief sought herein (the "Final Order"); (ii) approving the Debtor's proposed offer of adequate assurance and procedures governing the Utility Companies' requests for additional or different adequate assurance; (iii) prohibiting the Utility Companies from altering, refusing or discontinuing services on account of prepetition amounts outstanding

or on account of any perceived inadequacy of the Debtor's proposed adequate assurance pending entry of the Final Order; (iv) determining that the Debtor is not required to provide any additional adequate assurance beyond what is proposed by this Motion, pending entry of the Final Order; and (v) scheduling a final hearing (the "Final Hearing") on the Motion to consider the relief requested herein on a final basis.

BASIS FOR RELIEF REQUESTED

The Utility Companies

8. In connection with the operation of its businesses and management of its properties, the Debtor obtains electricity, natural gas, oil, water, sewer, telephone, trash collection, internet and/or other services (collectively, the "Utility Services") from a number of utilities, as that term is used in section 366 of the Bankruptcy Code (the "Utility Companies"). Attached hereto as **Exhibit A** is a non-exclusive list of Utility Companies and their affiliates that provide Utility Services to the Debtor as of the Petition Date (the "Utility Service List").³

9. The Debtor pays approximately \$136,000 per month on account of Utility Services. To the best of the Debtor's knowledge, there are few, if any, defaults or arrearages of any significance with respect to the Debtor's undisputed invoices for Utility Services, other than payment interruptions that may be caused by the commencement of this chapter 11 case.

10. Given that the Debtor operates its corporate headquarters, warehouse facility, distribution facility, manufacturing facility, and numerous retail stores, uninterrupted Utility Services are essential to its ongoing operations and the success of its reorganization. In addition, in light of the nature of the services provided by the Utility Companies, the Debtor cannot easily find replacement services. Should any Utility Company refuse or discontinue

³ The inclusion of any entity on, as well as the omission of any entity from, Exhibit A is not an admission by the Debtor that such entity is, or is not, a utility within the meaning of section 366 of the Bankruptcy Code, and the Debtor reserves all rights with respect thereto.

service, even for a brief period, the Debtor's business operations could be severely disrupted. The impact of this disruption on the Debtor's business operations and revenue would be extremely harmful and would jeopardize the Debtor's reorganization efforts. It is therefore critical that Utility Services continue uninterrupted.

Adequate Assurance of Payment of Postpetition Charges

11. Pursuant to section 366(c)(2) of the Bankruptcy Code, a utility may alter, refuse or discontinue a chapter 11 debtor's utility service if the utility does not receive from the debtor or the trustee within 30 days of the commencement of the debtor's chapter 11 case "adequate assurance of payment" for postpetition utility services. 11 U.S.C. § 366(c)(2). Section 366(c)(1) of the Bankruptcy Code provides that "assurance of payment" of postpetition charges may consist of "(i) a cash deposit; (ii) a letter of credit; (iii) a certificate of deposit; (iv) a surety bond; (v) a prepayment of utility consumption; or (vi) another form of security that is mutually agreed on between the utility and the debtor or the trustee." 11 U.S.C. § 366(c)(1)(A).

12. The Debtor intends to timely pay all postpetition obligations owed to the Utility Companies. The Debtor expects that its postpetition cash (including that made available under the proposed postpetition credit facility) will be more than sufficient to pay all postpetition Utility Obligations.

13. Notwithstanding the foregoing, the Debtor proposes to establish a segregated account of blocked funds (the "Segregated Account") to be held by Bank of America (the "Bank") in the sum equal to two (2) weeks of Utility Service (i.e., \$66,855), calculated as a historical average over the past 12 months, which amount may be adjusted by the Debtor to account for the termination of Utility Services by the Debtor on account of any closed business locations (the "Adequate Assurance Deposit"). The Segregated Account would serve as a cash

security deposit to provide adequate assurance of payment for Utility Services provided to the Debtor after the Petition Date.

14. The Segregated Account may be drawn on by a Utility Company in a manner that is substantially similar to a letter of credit. In the event the Debtor fails to timely pay for postpetition Utility Services, the Utility Company would be permitted to submit a draw request (the “Draw Request”), substantially in the form attached to the proposed order as **Exhibit B**, to the Bank in the amount of the unpaid charges for the postpetition services rounded up to the nearest \$100. The Draw Request requires only that the Utility Company: (i) certify the amount owed for postpetition Utility Services, and (ii) provide the Bank with wire transfer or other payment instructions.

15. The Utility Company would be required to provide notice of the Draw Request to the Debtor in the manner indicated in the form of Draw Request attached to the proposed order. Absent payment by the Debtor, notice of which shall be provided by the Debtor to the Bank, on the day that is five (5) business days after receipt of the Draw Request by the Bank, the Debtor shall be permitted to pay, and direct the Bank to pay, the requesting Utility Company the amount set forth in the Draw Request, provided that there are sufficient funds in the Segregated Account to make such payment. Following payment of any Draw Request from the Segregated Account, the Debtor shall take steps to replenish the Segregated Account to ensure that the reserve of \$66,855 is maintained.

16. The Bank shall have no obligation to investigate the bona fides of the Draw Request, and as set forth in the proposed order attached hereto, the Debtor will assume all risks with respect to the acts and omissions of, or misuse of the Segregated Account by the respective Utility Companies that are the beneficiaries of such Segregated Account. Moreover,

the Debtor's only recourse in the event of an improper Draw Request is against the party making such Draw Request and not against the Bank.

17. The Debtor submits that the Adequate Assurance Deposit, together with the Debtor's ability to pay for future Utility Services in the ordinary course of business (collectively, the "Proposed Adequate Assurance"), constitutes sufficient adequate assurance to the Utility Companies. If any Utility Company believes additional assurance is required, it may request such assurance pursuant to the following procedures.

18. In light of the severe consequences to the Debtor of any interruption in services by the Utility Companies, but recognizing the right of the Utility Companies to evaluate the Proposed Adequate Assurance on a case-by-case basis, the Debtor proposes that the Court approve and adopt the following procedures (the "Adequate Assurance Procedures").

19. Absent compliance with the following Adequate Assurance Procedures, the Utility Companies are forbidden to alter, refuse or discontinue service on account of any prepetition charges, or require additional adequate assurance of payment other than the Proposed Adequate Assurance pending entry of the Final Order:

- (a) Within two (2) business days after entry of the Interim Order, the Debtor will mail a copy of the Interim Order to the Utility Companies on the Utility Service List.
- (b) If a Utility Company is not satisfied with the Proposed Adequate Assurance and seeks additional assurances of payment in the form of deposits, prepayments, or otherwise, it must serve a request (an "Additional Assurance Request") upon the Debtor and its counsel at the following addresses: (i) Crabtree & Evelyn, Ltd., 102 Peake Brook Road, P.O. Box 167, Woodstock, CT 06281 (Attn: Colleen Cording, Esq.), and (ii) counsel to the Debtor, Cooley Godward Kronish LLP, 1114 Avenue of the Americas, New York, NY 10036 (Attn: Richelle Kalnit, Esq.).
- (c) Any Additional Assurance Request must (i) be made in writing, (ii) set forth the type of Utility Services and the location for which

such services are provided, (iii) include a summary of the Debtor's payment history relevant to the affected account(s), including any deposits and other security held by the Utility Company, (iv) set forth why the Utility Company believes the Proposed Adequate Assurance is not sufficient adequate assurance of future payment, and (v) be actually received by the Debtor and its counsel within 30 days after the entry of the Interim Order granting this Motion.

- (d) Upon the Debtor's timely receipt of an Additional Assurance Request at the addresses set forth above, the Debtor shall have the greater of (i) 14 days from the receipt of such Additional Assurance Request or (ii) 45 days from the Petition Date (collectively, the "Resolution Period") to negotiate with such Utility Company to resolve such Utility Company's request for additional assurance of payment.
- (e) The Debtor may, in its discretion, resolve any Additional Assurance Request by mutual agreement with the requesting Utility Company without further order of the Court and may, in connection with any such agreement and in its discretion, provide a Utility Company with additional adequate assurance of future payment, including, but not limited to, cash deposits, prepayments and/or other forms of security, to the extent the Debtor believes such additional assurance is reasonable in the exercise of its business judgment.
- (f) If the Debtor determines that a timely received Additional Assurance Request is not reasonable and it is not able to reach an alternative resolution with the Utility Company during the Resolution Period, the Debtor will promptly file a motion with the Court seeking a hearing to determine the adequacy of assurances of payment with respect to a particular Utility Company (a "Determination Motion") pursuant to section 366(c)(3) of the Bankruptcy Code.
- (g) Pending resolution of any such Determination Motion, any such Utility Company shall be prohibited from altering, refusing, or discontinuing service to the Debtor on account of unpaid charges for prepetition services, the filing of this chapter 11 case, or any objections to the adequacy of the Proposed Adequate Assurance.
- (h) The Proposed Adequate Assurance shall be deemed adequate assurance of payment for any Utility Company that fails to make a timely Additional Assurance Request and so long as the Utility Company has timely requested (and otherwise qualifies for) the

Proposed Adequate Assurance unless otherwise determined pursuant to a Determination Motion.

Final Hearing Date

20. In order to resolve any objections to entry of a Final Order granting the relief requested herein within 30 days following the Petition Date (excluding Additional Assurance Requests), the Debtor requests that the Court schedule the Final Hearing on any unresolved objections approximately 25 days after the Petition Date.

Subsequent Modifications of the Utility Service List

21. Although the Debtor has made extensive and good-faith efforts to identify all Utility Companies, certain companies that currently provide Utility Services to the Debtor may have been inadvertently omitted from Exhibit A. To the extent that the Debtor identifies additional Utility Companies, the Debtor will promptly file amendments to the Utility Service List, and shall serve copies of the Motion, the Interim Order and the Final Order (when and if entered) on such newly identified Utility Companies.

22. The Debtor further requests that the Court make the Interim Order and Final Order binding on all Utility Companies, regardless of when such Utility Company was added to the Utility Service List, provided that any such newly identified Utility Company shall have until the later of 14 days from the date of such service and 30 days from the date of the order granting this Motion to serve an Additional Assurance Request in compliance with the proposed Adequate Assurance Procedures. The Debtor shall have the periods specified in the proposed Adequate Assurance Procedures to seek to resolve any such request by mutual agreement with the Utility Company without further order of the Court or to file a Determination Motion with the Court to determine the adequacy of assurance of payment with respect to such Utility Company in accordance with the Adequate Assurance Procedures.

**Cause Exists to Authorize the Debtor's
Treatment of the Utility Companies Under Section 366**

23. The relief requested herein will ensure that the Debtor's operations will not be disrupted. If a disruption occurs, the impact on the Debtor's business operations and revenue would be extremely harmful. The Debtor submits that the Segregated Account is the equivalent of a cash deposit or letter of credit. Accordingly, the establishment of the Segregated Account constitutes adequate assurance of payment in accordance with the requirements of section 366(b) of the Bankruptcy Code. Moreover, the relief requested provides the Utility Companies with a fair and orderly procedure for determining requests for additional or different adequate assurance. Without the adequate assurance procedures sought herein, the Debtor could be forced to address numerous requests by Utility Companies in a disorganized manner at a critical period in this chapter 11 case and during a time when the Debtor's efforts could be more productively focused on the continuation of the Debtor's operations for the benefit of all parties in interest.

24. Section 366 of the Bankruptcy Code protects a debtor against the immediate termination of utility services after commencing its case. Prior to the enactment of the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005 ("BAPCPA"), it was well established by courts, commentators, and legislative history that section 366 of the Bankruptcy Code did not require, as a matter of course, that the debtor provide a deposit or other security to its utilities as adequate assurance of payment. In Virginia Electric & Power Co. v. Caldor, Inc., 117 F.3d 646, 647 (2d Cir. 1997), the United States Court of Appeals for the Second Circuit affirmed the bankruptcy court's ruling that the debtor's prepetition payment history, its postpetition liquidity, and the administrative expense priority afforded to postpetition invoices constituted adequate assurance of future performance. The Second Circuit rejected the argument

that section 366(b) nevertheless required a “deposit or other security,” holding that “a bankruptcy court’s authority to ‘modify’ the level of the ‘deposit or other security,’ provided for under section 366(b), includes the power to require no ‘deposit or other security’ where none is necessary to provide a utility supplier with ‘adequate assurance of payment.’” Id. at 650; see also Shirey v. Philadelphia Elec. Co. (In re Shirey), 25 B.R. 247, 249 (Bankr. E.D. Pa. 1982) (“Section 366(b) . . . does not permit a utility to request adequate assurance of payment for continued services unless there has been a default by the debtor on a pre-petition debt owed for services rendered.”).

25. Under the recently enacted section 366(c) of the Bankruptcy Code, however, in a chapter 11 case, a utility company may alter, refuse, or discontinue utility service if, within 30 days after the commencement of the chapter 11 case, the utility company does not receive adequate assurance in a form that is “satisfactory” to the utility company, subject to the Court’s ability to modify the amount of adequate assurance. See Jones v. Boston Gas Co. (In re Jones), 369 B.R. 745, 748-49 (B.A.P. 1st Cir. 2007) (“Based on a debtor’s failure to provide adequate assurance of payment, bankruptcy courts have concluded that § 366 . . . grants utilities the unilateral right to terminate service.”); St. Torrance v. Cincinnati Gas & Elec. Co. (In re St. Torrance), 2007 Bankr. LEXIS 3180, at *8 (B.A.P. 6th Cir. 2007) (same). Furthermore, pursuant to changes made effective by BAPCPA, in determining whether an assurance of payment is adequate, the court may not consider (i) the absence of security before the petition date, (ii) the debtor’s history of timely payments, or (iii) the availability of an administrative expense priority. See 11 U.S.C. § 366(c)(3)(B).

26. While the recently amended section 366(c) clarifies what does and does not constitute “assurance of payment” and what can be considered in determining whether such

assurance is adequate, Congress, in enacting that section, did not divest the Court of its power to determine what amount, if any, is necessary to provide adequate assurance of payment to a Utility Company. See 11 U.S.C. § 366(c)(3)(A) (“On request of a party in interest and after notice and a hearing, the Court may order modification of the amount of an assurance of payment...”). Under section 366(c), there is nothing to prevent a court from deciding, as courts did before the enactment of BAPCPA, that, on the facts of the case before it, the amount required of the Debtor to adequately assure payment to a Utility Company is nominal, or even zero. See In re Pac-West Telecomm, Inc., Case No. 07-10562 (BLS) (Bankr. D. Del. May 2, 2007) (approving adequate protection that was a one-time supplemental prepayment to each utility company equal to the prorated amount of one week’s charges); In re The New York Racing Ass’n Inc., Case No. 06-12618 (JMP) (Bankr. S.D.N.Y. Dec. 1, 2006) (approving adequate protection of a two-week deposit based on a historical average as well as procedures for opting-out).

27. Moreover, Congress has not changed the requirement that the assurance of payment only be “adequate.” Courts construing the meaning of “adequate” assurance of payment under section 366(b) of the Bankruptcy Code prior to BAPCPA held that it did not require an absolute guarantee of the debtor’s ability to pay. See, e.g., In re Caldor, Inc. – N.Y., 199 B.R. 1, 3 (S.D.N.Y. 1996) (“Section 366(b) requires [a] [b]ankruptcy [c]ourt to determine whether the circumstances are sufficient to provide a utility with ‘adequate assurance’ of payment. The statute does not require an ‘absolute guarantee of payment.’”) (citation omitted), aff’d sub nom. Virginia Elec. & Power Co. v. Caldor, Inc – N.Y., 117 F.3d 646 (2d Cir. 1997); In re Adelphia Bus. Solutions, Inc., 280 B.R. 63, 80 (Bankr. S.D.N.Y. 2002) (same). Therefore, despite the language in section 366(c)(2) of the Bankruptcy Code allowing a utility to take action

against a debtor should the debtor fail to provide adequate assurance of payment that is “satisfactory” to the utility, section 366 of the Bankruptcy Code does not require that the assurance provided be “satisfactory” once the Court determines the appropriate amount of adequate assurances.

28. Accordingly, the Debtor believes that the Proposed Adequate Assurance and Adequate Assurance Procedures are reasonable and satisfy the requirements of section 366 of the Bankruptcy Code. The relief requested in this Motion is similar to the relief granted in other recent chapter 11 cases filed after BAPCPA became effective.⁴ See, e.g., In re Lenox Sales, Inc., et al., Case No. 08-14679 (ALG) (Bankr. S.D.N.Y. Dec. 16, 2008); In re Steve & Barry’s Manhattan LLC, et al., Case No. 08-12579 (ALG) (Bankr. S.D.N.Y. July 31, 2008); In re Goody’s Family Clothing, Inc., et al., Case No. 08-11133 (CSS) (Bankr. D. Del. June 10, 2009); In re Plastech Engineered Prods., Inc., Case No. 08-42417 (PJS) (Bankr. E.D. Mich. Feb. 15, 2008); In re Tweeter Home Entertainment Group, Inc., Case No. 07-10787 (PJW) (Bankr. D. Del. June 13, 2007); In re Radnor Holdings Corp., Case No. 07-06-10894 (PJW) (Bankr. D. Del. Aug. 23, 2006).

29. Further, the Court possesses the power under section 105(a) of the Bankruptcy Code to “issue any order, process, or judgment that is necessary or appropriate to carry out the provisions of this title.” 11 U.S.C. § 105(a). The proposed procedures will ensure the Debtor’s Utility Services are continued without prejudicing the Utility Companies.

30. The Debtor therefore submits that the relief requested herein is necessary and appropriate, is in the best interests of its estate and creditors, and should be granted in all respects.

⁴ Because of the voluminous nature of the unreported orders cited herein, they are not annexed to this Motion. Copies of these orders are available upon request of Debtor’s counsel.

NOTICE

31. The Debtor has served notice of this Motion on (i) the Office of the United States Trustee for the Southern District of New York (Attn: Serene Nakano, Esq.), (ii) SilvermanAcampora LLP, 100 Jericho Quadrangle, Suite 300, Jericho, New York 11753 (Attn: Ronald J. Friedman, Esq.) as counsel for Kuala Lumpur Kepong Berhad, (iii) the Debtor's 40 largest unsecured creditors, and (iv) the Utility Companies listed on Exhibit A hereto. In light of the nature of the relief requested, the Debtor submits that no other or further notice need be provided.

32. No previous request for the relief sought herein has been made by the Debtor to this or any other court.

WHEREFORE, the Debtor respectfully requests that the Court grant the relief requested herein and such other and further relief as is just and appropriate.

Upon the motion, dated July 1, 2009 (the “Motion”),¹ of Crabtree & Evelyn, Ltd., as debtor and debtor in possession (the “Debtor”),² for an order, pursuant to sections 105(a) and 366 of title 11 of the United States Code (the “Bankruptcy Code”), (i) approving the Debtor’s Proposed Adequate Assurance, (ii) establishing procedures for resolving any objections to the Motion by the Utility Companies that the Proposed Adequate Assurance is not adequate, and (iii) prohibiting the Utility Companies from altering, refusing, or discontinuing service, all as more fully described in the Motion; and the Court having jurisdiction to consider the Motion and the relief requested therein pursuant to 28 U.S.C. §§ 157 and 1334 and the Standing Order of Referral of Cases to Bankruptcy Judges of the District Court for the Southern District of New York, dated July 19, 1984 (Ward, Acting C.J.); and consideration of the Motion and the relief requested therein being a core proceeding pursuant to 28 U.S.C. § 157(b); and venue being proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409; and due and proper notice of

¹ Capitalized terms used but not defined herein shall have the respective meanings ascribed to them in the Motion.

² The last four digits of the Debtor’s federal tax identification number are 1685.

the Motion having been provided to (i) the Office of the United States Trustee for the Southern District of New York (Attn: Serene Nakano, Esq.), (ii) SilvermanAcampora LLP, 100 Jericho Quadrangle, Suite 300, Jericho, New York 11753 (Attn: Ronald J. Friedman, Esq.) as counsel for Kuala Lumpur Kepong Berhad, (iii) the Debtor's 40 largest unsecured creditors, and (iv) the Utility Companies listed on Exhibit A hereto, and it appearing that no other or further notice need be provided; and the Court having determined that the relief requested in the Motion being in the best interests of the Debtor, its creditors, and all parties in interest; and the Court having determined that the legal and factual bases set forth in the Motion establish just cause for the relief granted herein; and upon all of the proceedings had before the Court and after due deliberation and sufficient cause appearing therefor, it is hereby

ORDERED that the Motion is granted on an interim basis to the extent provided herein; and it is further

ORDERED that the Debtor shall have reserved \$66,855 (the "Segregated Account") as adequate assurance, under section 366(b) of the Bankruptcy Code, of payment of charges incurred by the Debtor for Utility Services provided by the Utility Companies after the Petition Date (the "Adequate Assurance Deposit"), which amount may be adjusted by the Debtor to account for the termination of Utility Services by the Debtor on account of any closed business locations, and the following procedures shall be followed in connection therewith:

- (a) In the event the Debtor fails to timely pay for postpetition Utility Services, the Utility Company to which any such payment is owed shall be entitled to submit a draw request, in the form attached hereto as Exhibit B, to the Debtor and the Bank in the amount of the unpaid charges owed to such Utility Company for such postpetition Utility Services.
- (b) Notice of any Draw Request shall be sent to the Debtor and the Bank, with copies to counsel for the Debtor, as indicated in the form of Draw Request attached hereto. Through the Draw

Request, such Utility Company shall only be permitted to seek payment for unpaid postpetition utility charges.

- (c) In the Draw Request, the Utility Company shall (i) certify the amount owed for postpetition Utility Services, and (ii) provide the Bank with wire transfer or other payment instructions
- (d) The Bank shall have no obligation to investigate the bona fides of the Draw Request, and the Debtor will assume all risks with respect to the acts and omissions of, or misuse of the Segregated Account by the respective Utility Companies that are the beneficiaries of such Segregated Account. Moreover, the Debtor's only recourse in the event of an improper Draw Request is against the party making such Draw Request and not against the Bank.
- (e) Absent payment by the Debtor, notice of which shall be provided by the Debtor to the Bank, on the day that is five (5) business days after receipt of the Draw Request by the Bank, the Debtor shall be permitted to pay, and direct the Bank to pay, the requesting Utility Company the amount set forth in the Draw Request, provided that there are sufficient funds in the Segregated Account to make such payment. Following payment of any Draw Request from the Segregated Account, the Debtor shall take steps to replenish the Segregated Account to ensure that the reserve of \$66,855 is established.

ORDERED that in the event a Utility Company believes the Adequate Assurance Deposit and the Proposed Adequate Assurance is insufficient, it may seek additional assurances of payment in the form of deposits, prepayments or otherwise, provided that it serves such request (an "Additional Assurance Request") upon the Debtor and the Debtor's counsel at the following addresses: (i) Crabtree & Evelyn, Ltd., 102 Peake Brook Road, P.O. Box 167, Woodstock, CT 06281 (Attn: Colleen Cording, Esq.), and (ii) Cooley Godward Kronish LLP, 1114 Avenue of the Americas, New York, NY 10036 (Attn: Richelle Kalnit, Esq.) (together, the "Notice Parties"); and it is further

ORDERED that the following requirements and procedures (the "Adequate Assurance Procedures"), with respect to the submission of an Additional Assurance Request, are

approved in all respects. Absent compliance with the following Adequate Assurance Procedures, the Utility Companies are forbidden to alter, refuse or discontinue service on account of any prepetition charges, or require additional adequate assurance of payment other than the Proposed Adequate Assurance pending entry of the Final Order:

- (a) Within two (2) business days after entry of the Interim Order, the Debtor will mail a copy of the Interim Order to the Utility Companies on the Utility Service List.
- (b) If a Utility Company is not satisfied with the Proposed Adequate Assurance and seeks additional assurances of payment in the form of deposits, prepayments, or otherwise, it must serve an Additional Assurance Request upon the Notice Parties.
- (c) Any Additional Assurance Request must (i) be made in writing, (ii) set forth the type of Utility Services and the location for which such services are provided, (iii) include a summary of the Debtor's payment history relevant to the affected account(s), including any deposits and other security held by the Utility Company, (iv) set forth why the Utility Company believes the Proposed Adequate Assurance is not sufficient adequate assurance of future payment, and (v) be actually received by the Debtor and its counsel within 30 days after entry of this Interim Order.
- (d) Upon the Debtor's timely receipt of an Additional Assurance Request at the addresses set forth above, the Debtor shall have the greater of (i) 14 days from the receipt of such Additional Assurance Request or (ii) 45 days from the Petition Date (collectively, the "Resolution Period") to negotiate with such Utility Company to resolve such Utility Company's request for additional assurance of payment.
- (e) The Debtor may, in its discretion, resolve any Additional Assurance Request by mutual agreement with the requesting Utility Company without further order of the Court and may, in connection with any such agreement and in its discretion, provide a Utility Company with additional adequate assurance of future payment, including, but not limited to, cash deposits, prepayments and/or other forms of security, to the extent the Debtor believes such additional assurance is reasonable in the exercise of its business judgment.

- (f) If the Debtor determines that a timely received Additional Assurance Request is not reasonable and it is not able to reach an alternative resolution with the Utility Company during the Resolution Period, the Debtor will promptly file a motion with the Court seeking a hearing to determine the adequacy of assurances of payment with respect to a particular Utility Company (a “Determination Motion”) pursuant to section 366(c)(3) of the Bankruptcy Code.
- (g) Pending resolution of any such Determination Motion, any such Utility Company shall be prohibited from altering, refusing, or discontinuing service to the Debtor on account of unpaid charges for prepetition services, the filing of this chapter 11 case, or any objections to the adequacy of the Proposed Adequate Assurance.
- (h) The Proposed Adequate Assurance shall be deemed adequate assurance of payment for any Utility Company that fails to make a timely Additional Assurance Request and so long as the Utility Company has timely requested (and otherwise qualifies for) the Proposed Adequate Assurance unless otherwise determined pursuant to a Determination Motion;

and it is further

ORDERED that a Final Hearing to resolve any objections shall be scheduled for _____, 2009 at __:___.m. (EST); and it is further

ORDERED that if no objections are timely filed, served, and received in accordance with this Order, the Debtor shall submit to the Court a final order regarding the relief sought in the Motion, which will be entered without a Final Hearing; and it is further
